

BUSINESS AS USUAL — Skylab II astronaut Jack Lousma, foreground, in gravity simulator with other two crewmen, Alan Bean and Owen Garriott as they continued experiments as mission control personnel study the propulsion problem aboard their commandship. The Skylab crew was told they would continue their work in hopes of completing their 59-day mission. A rescue spaceship is being readied at Cape Kennedy, Fla., in the event it is needed.

Agnew Investigated

WASHINGTON (AP) — Vice President Spiro T. Agnew says he is under investigation for possible criminal violations but has done nothing wrong. Newspaper reports today said the investigation involves allegations of bribery, extortion and tax fraud.

Agnew made the disclosure Monday night through his press secretary, J. Marsh Thomson, and declined further comment "other than to say that I am innocent of any wrongdoing, that I have confidence in the criminal justice system of the United States and that I am equally confident my innocence will be affirmed."

The Wall Street Journal said the allegations against Agnew stem from the award of state contracts during Agnew's tenure as governor of Maryland in 1967-1968 and from federal contracts in Maryland let since Agnew became vice president in 1969. The federal contracts were let by the General Services Administration, the agency in charge of constructing federal buildings.

The Washington Post and the Baltimore Sun also reported that the investigation involved allegations of kickbacks from private contractors to Baltimore County and Maryland political figures.

The Journal said the investigation is being conducted by U.S. Atty. George Beall of Baltimore and that Agnew was notified formally by the Justice Department last week in a hand-delivered letter.

The newspaper said the vice president sought a White House audience after learning of the investigation, presumably to inform President Nixon.

A Nixon spokesman declined comment Monday night but said the White House was aware of Agnew's statement before it was released.

The Journal said the letter to Agnew was cleared by Atty. Gen. Elliot L. Richardson, who then notified Special Watergate Prosecutor Archibald Cox, although there is no direct connection of the case with Watergate.

Beall, a 36-year-old Republican appointed U.S. attorney by Nixon in 1970, refused to confirm or deny that Agnew has become a subject of his investigation. The New York law firm of Paul, Weiss, Rifkind, Wharton &

Garrison is representing Agnew and a spokesman said a representative would be in Washington today to find out more about the case.

The Journal said Agnew has not been

called to testify in the case and the prosecutors have not presented the evidence they have assembled to a grand jury sitting in Baltimore.

If the case did proceed to the grand

jury stage, the prosecutors would have to confront the constitutional doctrine of separation of powers, the doctrine Nixon is invoking in the Watergate case, the Journal said.

Circleville Man Killed In Ross County Accident

A Circleville man was killed 3:58 p.m. Monday on State Route 104 near Chillicothe in an auto-motorcycle accident.

KENNETH E. HARDMAN

Kenneth E. Hardman, 24, Route 1, Circleville died an hour and a half after his motorcycle collided head-on with an automobile driven by Evelyn L. Sommers, 30, Route 4, Chillicothe at the intersection of State Route 104 and Infirmary Lane in Ross County.

Hardman was travelling north on 104 at the time of the incident.

Mrs. Sommers was driving west on Infirmary Lane when she pulled onto 104 hitting the cycle and throwing Hardman into a drainage ditch along the road.

Ross County Sheriff's Department has cited Mrs. Sommers with vehicular homicide.

Hardman was a veteran of the Viet Nam War, a member of the Marine Reserves. He was employed by the Veterans Administration Hospital in Chillicothe.

Born July 28, 1949 in Pickaway County, he was the son of Kenneth and Dorothy Thurston Hardman.

Survivors include his mother,

Dorothy, Route 1; three brothers, Bruce, 118 Seyfert Ave.; Jeff and Gregory of the home; one sister, Mrs. Melvin (Kathy) Smith, 611 Elm Ave.; maternal grandparents, Mr. and Mrs. Olie Thurston, South Bloomingville; three nephews.

Services will be 2 p.m. Thursday at the First Church of Christ in Christian Union, East Ohio Street, with the Rev. David Cyrus officiating. Burial will be in the Green Summit Cemetery, Adelphi.

Friends may call beginning 7 p.m. Tuesday at the Defenbaugh-Wise-McCain Funeral Home and noon Thursday at the church.

Beef Shortage To Grow Worse?

By THE ASSOCIATED PRESS

Shoppers in scattered parts of the nation are reported to be stocking up on meat in fear of higher prices or a serious shortage. They're "like kids going after cookies," one grocer observed.

A survey indicates higher prices of some meat products, occasional rationing of beef and industry predictions of more problems to come.

A number of bulk purchasers, including New York City and several Navy installations, reported they had run out of beef.

In San Francisco, a federal judge refused on Monday to order the Cost of Living Council to lift the freeze on beef prices. U.S. District Court Judge Robert F. Peckham turned down a preliminary injunction request from the Pacific Meat Jobbers Association, which represents 80 wholesalers and packers of beef products.

In Washington, Treasury Secretary

Burr Oak Park Closing Explained

COLUMBUS, Ohio (AP) — Gov. John Gilligan's decision to close the lodge at Burr Oak State Park because of violence and threats of disruptive activity was made with public safety in mind and despite the loss of state revenues, the director of the state Department of Natural Resources says.

"We are certain all, with the apparent exception of Ohio Inns, would agree with Gov. Gilligan that the safety of the vacationing public and it being able to enjoy a hard-earned vacation free from threats of violence is the matter which is of the highest concern in this unfortunate and unnecessary situation," William B. Nye said.

Nye's comments came in a four-page prepared statement in response to Gilligan's weekend order.

Employees of Ohio Inns, Inc., working at the Burr Oak lodge have been on strike since May in a dispute over union representation.

Nye said Gilligan's decision was made after alleged violence and bomb threats. He said local authorities are investigating the matter.

George P. Shultz said again that the freeze will remain in effect until Sept. 12.

On the retail level, grocers reported some shortages and expressed fear the worst was still to come. There was only scattered rationing by stores, however.

The manager of a supermarket near Spokane, Wash., said he was limiting purchases of ground beef, pot roasts and chicken but not steak. "We wouldn't have this problem if the customers would ration themselves," Bill Scalise said. "We can't watch them all the time. When I go out and come back, there's no meat in the case."

U.S. citizens are also buying foreign beef. Customs inspectors in California report large numbers of Americans returning from Tijuana, Mexico, with meat purchases. Butcher shops in Tijuana report selling meat to Americans as fast as they get it from the slaughterhouse. Customs officials Albany, N.Y., also reported an increase in Americans returning with Canadian meat.

New York City has run out of beef for prisoners, hospital patients and day-care children. In Quonset Point, R.I., the naval officer who purchases food for commissaries in New England said he has been unable to buy meat for the 80,000 to 100,000 patrons in Rhode Island, Connecticut, Massachusetts and New York.

The shortage has been attributed in part to the unwillingness of farmers to send their cattle to market during the freeze. "There's a lot of beef that's not getting to the market. It's out in the pasture," Culberston said.

No Progress At Mead Corp.

CHILLICOTHE, Ohio (AP) — Mead Paper officials reported "no significant progress" Monday in contract talks with United Paperworkers International Union locals as the deadline approaches for a threatened strike this weekend.

Locals 988 and 734, representing 3,000 paperworkers, voted last week to set an Aug. 11 strike deadline if agreement on a new contract is not reached.

The company's old contract expired Aug. 1.

ROUNDTOWN

DEADLINE for filing as candidates in the November election is Wednesday. . . . Officials of the Board of Elections reminds that their office will remain open until 4 p.m. tomorrow to accept signed petitions from prospective candidates. The rear door of the courthouse will be open for access to the Board office, although all other offices in the courthouse will be closed.

Toilet Baby Trial Held

CLEVELAND, Ohio (AP) — U.S. Attorney Frederick Coleman said the trial of Betty Jean Anderson could end today.

Miss Anderson, 23, of Garyville, La., allegedly gave birth to a baby girl Feb. 19 aboard a United Air Lines flight from Pittsburgh to Youngstown and abandoned the infant in the plane's toilet. She is charged with attempting to commit a crime aboard an aircraft and attempting to commit murder or manslaughter aboard an aircraft.

She waived her right to a jury trial when her hearing began Monday.

The defense contends that Miss Anderson had a precipitant birth (an unduly sudden or abrupt birth).

She said she did not know she was pregnant.

The defense claims that since Miss Anderson did not realize that she was pregnant and she could not have known that she had given birth aboard the plane.

Prosecution witnesses testified Monday to finding the baby, of dismantling the toilet to remove the child and to Miss Anderson's activities after the plane landed in Youngstown.

Floree Eggleston of Youngstown said that Miss Anderson was definitely pregnant. She said that she had observed Miss Anderson when she sat near her while waiting to board a flight in New Orleans.

Two stewardesses testified that Miss Anderson remained on the plane for nearly 15 minutes after it had landed, saying she was ill and requesting a sanitary napkin.

Dr. William Novelli said he was called to the airport from Warren General Hospital to examine the baby which was found in the toilet. He said it was healthy and appeared to be a full-term baby.

Economists See Recession Possible In 1974

NEW YORK (AP) — While 1973 has been a boom year so far, a number of leading economists believe business is in the early stage of a slowdown that could accelerate into recession proportions by mid-1974.

Most of the economists interviewed by The Associated Press expected the slowdown would continue and probably worsen next year, but few made an outright prediction of recession. When they did, they said it would be moderate and not necessarily bad for the country or consumers.

The economists were in general agreement on three other major economic questions.

They predicted:
—The inflation rate would continue to rise, but not as sharply as this year.
—Unemployment would increase slightly to 5 or 5½ per cent.

—A credit crunch on the order of 1969-70 was unlikely, although interest rates would remain steep.

When a slowdown comes a recession can be semantic problem. The National Bureau of Economic Research defines a recession as two or more consecutive quarters of decline in the "real" Gross National Product — GNP — discounted for price increases.

Many economists are now talking in terms of a 1974 "growth recession," in which real GNP continues to expand but at less than its customary minimum level of 4-4½ per cent.

One economist who believes an actual recession is inevitable and the only question is when it will occur is Milton Friedman of the University of Chicago.

A monetarist who links growth of the

money supply to rising prices, Friedman sees recession as good for the national interest. He says it would "correct" prices that have been driven sky high by the country's insatiable demand for goods and services.

It all depends on the policies of the Federal Reserve Board, which acts as the nation's money manager, according to Friedman. If the Fed tightens the country's money supply it would increase the likelihood of a recession in 1974, but if the Fed allows money to expand at the level of the first six months of this year that prospect would be delayed.

"You can only go on a drinking bout for so long," says Friedman. "Sooner or later you're going to have a hang-over."

Another economist who expects an actual recession is Albert Sommers of

the Conference Board, a nonprofit economic research organization.

But he believes it can be "quite moderate" because there are plenty of cushioning influences. These include a turnaround in the U.S. trade balance as a result of the two dollar devaluations and the general optimism of business regarding long-term capital spending.

But the average American worker may take home a somewhat slimmer paycheck, Sommers says.

"It will mean less overtime and a certain amount of layoffs, but we're not talking about a deep recession."

John Kendrick, a fellow economist with Sommers at the Conference Board, disagrees with his colleague's predictions. Kendrick says an actual recession in 1974 is possible but a growth recession is much more likely.

He sees the deepening slowdown as a

direct consequence of a corporate profit squeeze induced by Phase 4 controls. While business could suffer next year, it might not be so bad for workers, he adds.

"The consumer will be getting ahead of the game a little bit," Kendrick predicts. "Wage rates will go up 6-6½ per cent and there will be some slowdown in inflation, with prices rising 4-5 per cent. So he'll see some improvement in terms of purchasing power."

Consumers' buying plans indicate they're becoming more cautious in their appraisal of future economic conditions. A May-June survey by the Conference Board indicates a "significant decrease" in the number of families who expect business conditions to improve and an increase in the number who think they'll get worse.

Dollar Opens Higher, Drops

LONDON (AP) — The U.S. dollar opened generally higher in Europe today but weakened as trading progressed.

The U.S. currency advanced in London, Paris and Zurich at the outset but was down in West Germany. Dealers there blamed the drop on a technical reaction to the dollar's strong climb on Monday.

The dollar closed Monday in Frankfurt at 2.3850 marks. It opened today at 2.3840 marks and dropped steadily through the morning to 2.3640.

In London, the dollar strengthened at the outset, then dropped back. The pound closed Monday at \$2.4920, opened today at \$2.4907 and was quoted at \$2.4975 by midmorning.

Gold prices declined \$1 an ounce in Zurich to \$114.50 and 75 cents in London to \$114.75.

Kremlin Raps Red China

MOSCOW (AP) — The Kremlin made a strong verbal attack on China today. It condemned Peking's foreign policy as increasingly dangerous and declared the Chinese have completely divorced themselves from Marxism-Leninism.

A high-level Kremlin spokesman called for an Asian collective security system, a proposal the Chinese say is aimed at encircling them.

This latest escalation in Moscow's dispute with Peking formed the heart of a long commentary in the Communist party newspaper Pravda. It was signed by "I. Alexandrov," a pen name sometimes used for highest-level Politburo policy statements.

According to Alexandrov, the Vietnamese conflict is being sorted out, the Middle East is a complicated but solvable problem and peaceful coexistence is becoming the rule among nations formerly divided by the cold war.

The odd man out, he said, is China, bent on damaging the Soviet Union and wedging it apart from its Eastern European allies.

Weather

Mostly sunny and warm today with high in upper 80s. Partly cloudy and warm tonight with low in upper 60s. Cloudy and warm Wednesday, high in upper 80s. Chance of rain, 10 per cent today, tonight and 20 per cent tomorrow.

Markets

NEW YORK (AP) — After a small gain in early-session trading, stock market prices declined today as brokers cited the continuing pall of higher interest rates and new uncertainties on the political scene.

The noon Dow Jones average of 30 industrials, up nearly 3 points early in the day, was off 2.11 at 910.67. Declining issues held a slight 585-to-547 lead over advances on the New York Stock Exchange, with 1,530 issues traded.

On the Amex the pricechange index at noon stood at 23.35, off .02. Champion Homes led the trading, unchanged at 6 3/4, while Kaiser Industries, down 1/8 at 6 3/8, and Circle K Corp., off 7/8 to 13, were active also.

On the Big Board, Arlen Realty topped the volume list at 5 1/8, down 1/8. It was followed by Interco, Inc., off 1 3/4 to 39 1/4, and Smith International, up 3/4 to 21 1/8.

Deaths

MR. KENNETH HARDMAN

Funeral services for Mr. Kenneth E. Hardman, 24, Route 1, will be held 2 p.m. Thursday in the First Church of Christ in Christian Union, E. Ohio St. (See story, Page 1.)

MRS. VERA LEADINGHAM

Mrs. Verna Leadingham, 67, Kingston, died Monday afternoon in Chillicothe Hospital.

Born Dec. 3 1906 in Elliott County, Kentucky, she was the daughter of Edward Jason and Melissa Brickey Adkins.

She was a member of the United Baptist Church of Portsmouth.

She is survived by her husband, Leonard; three daughters, Mrs. James (Malissa) King, Sherman, Texas, Mrs. James (Helen) Leist, Circleville, Mrs. Edgar (Evadee) Stoneburner, Kingston; a son, Ronald Leadingham, Kingston; 13 grandchildren; five great-grandchildren; two brothers, Rufus Adkins, Reynoldsburg and Willia, Lithopolis.

Services will be 1:30 p.m. Thursday at the Hill Funeral Home, Kingston, with Rev. Roy Patton officiating. Burial will be in Mr. Pleasant Cemetery, Kingston.

Friends may call at the funeral home after 4 p.m. Wednesday.

MRS. RICHIE LEMAY

Services were held July 30, in Marion for Mrs. Richie LeMay, 89, 516 N. Main St., Marion, who died July 27.

Born April 18, 1884 in Pickaway County, she was the daughter of Richard and Elizabeth Prindle Hudson.

She was a member of the Epworth United Methodist Church of Marion. Mrs. LeMay was preceded in death by her husband Benny.

Survivors include: four daughters, Mrs. Elizabeth Reichelderfer, Mt. Sterling; Mrs. Dorothy Witzel, Marion; Mrs. Robert (Margaret) Bushatz, Marion; Mrs. Lewis (Ruth) Bibbee, Marion; two sons, Robert, N. Bloomington; William D., Phoenix, Ariz; 17 grandchildren; 19 great-grandchildren.

Kleindienst, Petersen Take Stand

WASHINGTON (AP) — President Nixon was "dumbfounded" when told that his closest aides had been accused in the Watergate case in mid-April of this year, former Atty. Gen. Richard G. Kleindienst said today.

Kleindienst told the Senate Watergate committee that he first learned of accusations by White House counsel John W. Dean III and former Nixon campaign deputy Jeb Stuart Magruder early in the morning of April 15.

He said he immediately sought a meeting with Nixon, and relayed the information to him early that afternoon in Nixon's office.

"He was dumbfounded, he was very upset," Kleindienst said.

Kleindienst said Justice Department officials told him, and he told the President, that Dean and Magruder had implicated former Atty. Gen. John N. Mitchell, campaign aide Frederick C. LaRue, themselves, White House aides H.R. Haldeman and John D. Ehrlichman, former campaign aide Robert C. Mardian, "you name it."

"This is the first time since June 17, 1972, that anybody had given me any credible evidence that any of them were involved in any way," Kleindienst said.

He said G. Gordon Liddy, later convicted in the case, approached him at the Burning Tree Country Club hours after the burglary, and told him that some of the five men arrested that morning might be employed by the White House or the Nixon campaign committee.

"My reaction to that statement was instantaneous and rather abrupt," said Kleindienst, who became head of the Justice Department shortly before that time.

Kleindienst said he immediately called Asst. Atty. Gen. Henry E. Petersen, head of the criminal division of the Justice Department, and told him in Liddy's presence that no special treatment should be given to the arrested men.

"I told him I was rather intent on giving him a rather specific direct instruction right then, that with respect to those arrested in the Watergate, they should be given no treatment different from others arrested in circumstances of that kind," Kleindienst said.

He said he immediately told Liddy to leave the pre-nises, along with Powell Moore, a public relations man for the Nixon campaign committee who had accompanied Liddy.

Kleindienst began testifying to the

Senate Watergate committee shortly after the panel decided to postpone filing its suit to obtain White House tapes.

Kleindienst said he vaguely recalls that Liddy claimed to have been sent by former Atty. Gen. John N. Mitchell, who was then Nixon's campaign director.

"That was incredible to me," Kleindienst said. "My relationship with Mr. Mitchell was such that I don't

TV Board Finalizes Plans For Bond Issue

Teays Valley's board passed a resolution to proceed with a \$1,570,000 bond issue to provide additional space at all the district school buildings.

At a special meeting Monday, the board reaffirmed their plans to place the 2.43 mill bond issue on the ballot in November. Proceeds from the sale of bonds will be used to add two primary classrooms at each of the three elementary sites and to provide additional space at the high school to accommodate grades 7 through 12 under a continued double-session program.

Bids for old industrial arts shop equipment were accepted from Dick Riffle and Jack Adkins. Riffle's bid of \$61 for the band saw and \$39 for a jointer were considered the best submitted. Adkins purchased a drill press for \$37 and jig saw for \$21.

Four old buses being retired from the fleet were sold to the following successful bidders: Paul Hishman, Bus No. 24 for \$1,111; Wendell Herron, Bus No. 23, \$1,500; Circleville Church of Christ, Bus No. 9, \$801.50; Lockbourne Church of Christ, Bus No. 7, \$826.

Charles Kearns, speech and English teacher, and Mrs. Ramona Welch, business education teacher, were appointed to share the responsibilities of school newspaper adviser. Philip Forsythe was reappointed freshman

think he'd send a man like Gordon Liddy to see me about anything."

Kleindienst said he had met Liddy before, in 1969, when Liddy was the Treasury Department's representative on an administration task force that tried to stem the flow of illegal marijuana across the border from Mexico.

Kleindienst said Liddy had been sent to talk about the antipot drive with leaders in communities along the

football coach.

Sandra Carms was hired as tutor for a 4th grade student in the district suffering from a congenital heart problem.

Resigning her position as part time cafeteria worker at Ashville was Jean Chaffin. Employed as her replacement was Mrs. Barbara Woodruff. Mrs. Oeida Mertins was hired as part time custodian at the high school.

Board members discussed but took no action on purchasing a transistorized language lab system and noted a delay in window installation because workmen can not get materials.

The budget hearing for the district will be 11:10 a.m. Wednesday in the office of the county auditor.

Dr. William Warner was selected delegate to the OSBA annual meeting Nov. 13 to 15. Appointed alternate was Everett Beers.

Superintendent Benis Lutz is still taking applications for two study hall monitor positions. Both are part time jobs, from 9 a.m. until 1 p.m. Anyone interested may apply with Superintendent Lutz at 983-4111.

The board currently is seeking bids for an old school bus being retired from the TV fleet. These bids will be opened at the board's regular meeting Aug. 27.

\$10 Million Spent On Nixon 'Security'

WASHINGTON (AP) — President Nixon has made an unprecedented accounting for some of the secret costs of the presidency while ordering a full disclosure on his purchase of homes in California and Florida.

Acting on the President's instructions, officials at the White House, Secret Service and General Services Administration revealed Monday that nearly \$10 million had been spent by the government since 1969 for security, communications and other work at the First Family's out-of-town residences and offices.

At the same time, presidential spokesman Gerald L. Warren announced that Nixon had hired a private auditing firm to prepare "a complete, detailed accounting of the acquisition of the homes and property" he has purchased since taking office in San Clemente, Calif., and Key Biscayne, Fla.

That report will be released within a

border, but did an unsatisfactory job. He did not elaborate, except to say that he personally asked that Liddy's boss at the Treasury Department remove him from the job, which was done.

Sen. Sam J. Ervin Jr., D-N.C., said the panel met in executive session and decided to wait until after its lawyers have a chance to study the White House reaction to legal motions of special prosecutor Archibald Cox, who is also seeking the tape recordings.

President Nixon has defied subpoenas from both Cox and the committee for tape recordings of his personal conversations about the wiretapping scandal.

The legal battle is being waged in U.S. District Court before Judge John J. Sirica, who presided over the original Watergate trial early this year.

The Senate committee is in the home stretch of its 10-week hearings with the questioning of the two men responsible for the Justice Department's handling of the investigation.

Deer Creek Park Eyed For Recreation Site

The Army Corps of Engineers says development of recreational facilities on land the corps owns at Deer Creek Lake would be supported by them. Location of the facilities at Deer Creek will help fill the need for more recreational land in Central Ohio, according to spokesman. Acting district engineer for the corps in Huntington, W. Va., Orland K. Hill, talked with U.S. Rep. Samuel Devine saying, "It appears appropriate that the state may develop additional facilities, such as golf courses, lodges, etc." at Deer Creek.

Special License Tags Delayed

COLUMBUS, Ohio (AP) — The legislature waited too long to pass a bill permitting custom license plates in Ohio, so motorists will have to wait until 1975 to get them, Motor Vehicle Registrar Donald Curry says. "We needed it by April or May to put it into effect for 1974. All we can do at this late date is take orders for 1975," Curry said.

Motorists would pay an extra \$35 for the opportunity to write their own plates. They'd be limited to six letters or numerals.

Plates now cost \$10, and a \$5 tax is levied in some areas.

Patrick Part Owner Of 'Mr. Dinner' Firm

Richard Patrick, son of Mr. and Mrs. F.O. Patrick, 315 Wood Lane, is part owner of Mr. Dinner of Columbus.

Catering to the working family Mr. Dinner delivers prepared meals in the Columbus area. According to Patrick, a Circleville High School and Wittenburg University graduate, complete meals can be delivered by 6 p.m. if ordered before 10 a.m.

alternates site for major state recreational facilities after being tangled in the controversy on adding 2,400 acres of recreational lands at Alum Creek Dam and Reservoir. Alum Creek is in Delaware County in Devine's district. Deer Creek Lake, formed by a dam near Williamsport, is in the Pickaway and Fayette counties in the district of U.S. Rep. William Harsha.

In response to questions from Devine on Deer Creek, Hill noted the Deer Creek area contains about 6,800 acres for general recreation, forest management and fish and wildlife purposes.

Preliminary plans have been developed to expand some recreational facilities at Deer Creek, according to Hill, and he also said if the state Department of Natural Resources draws plans for a major park containing a lodge, the corps will cooperate.

That more recreational land is needed wherever the state may decide to build a major park containing a lodge and vacation cabins was the answer Hill gave in support to the contention of natural resources Director William Nye.

Hill explained to Devine, "The Bureau (of outstanding Outdoor Recreation, a division of the U.S. Interior Department,) indicated even if all the projects put forth by the corps and the state were developed, there would still be an unsatisfied demand and need for water-oriented recreation after the target year 1980."

"Consequently," he said, "it makes little difference at which projects a greater or lesser amount of development is accomplished. With available resources there will continue to be a need."

Hill noted that only limited opportunity for development of a park and lodge operation would be provided by land acquired for the now stalled Big Darby Creek dam in southwestern Franklin County.

Solon Pushes Water Supply Study

COLUMBUS, Ohio (AP) — An Ohio lawmaker, worried about what he calls Ohio's last great resource, has asked the 110th General Assembly to authorize a study of the state's underground water supplies.

"We are all well aware of the surface problems — pollution, shoreline erosion, flooding and all the others — but our underground reservoirs are recognized by some experts in the field as the last great resource in the state of Ohio," said Rep. Fred N. Young, R-38 Dayton.

Young offered a joint resolution in the House. It calls for the Legislative Service Commission, fact-finding arm of the legislature, to make the study. The LSC would report to the 111th General Assembly when it convenes in January, 1975.

Young said he originally suggested the study be made by a joint committee of the Senate and House, but decided on the LSC "because it will take a lot of time and the commission operates on a year-round basis."

Young's proposed study would touch on the lives of 5 million Ohioans, who get their entire water needs from wells.

In all — for public use, rural domestic, livestock, irrigation and industry — Ohioans pump out of the ground each day about 500 million

Replace Cooper, Union Urges

COLUMBUS, Ohio (AP) — Dr. Bennett J. Cooper should be replaced as head of the Ohio Department of Rehabilitation and Correction, the president of a 12,000-member Teamsters Union local says.

Victor G. Everett, head of Local 413, offered the suggestion to Gov. John J. Gilligan in a letter delivered over the weekend.

Everett's local represents some of the guards at the state prison at Lucasville, where two officers were killed July 24.

gallons of water.

The Dayton legislator remarked on the prospect of problems in the management of underground water supplies are uncertain.

"They may require that we take some action on management," he said. "We just don't know yet."

Young's interest would appear to have been stimulated by his home city, Dayton, which uses more ground

water than any city in Ohio, probably ranking about fifth in the nation in this respect.

The time is approaching, some geological experts report, when there will be competition among Dayton area governments for the available water.

"The state and federal governments need to pull together on this," said Young.

Over-pumping of ground water could mean a permanent loss to the state's

available water supplies, Young said, and pollution poses another serious threat.

The Ohio Advisory Council recommended in 1970 that a use control board be set up to administer and control the use of both ground and surface water and recommended that the legislature study the matter.

Similar studies have been called for by the National Water Commission and the board of trustees of the Water Management Association of Ohio.

ADVERTISEMENT AND NOTICE TO BIDDERS

Sealed proposals will be received by the Board of Public Utilities until 12:00 Noon local prevailing time on August 23, 1973 at the Manager's Office, 114 West Franklin Street, Circleville, Ohio.

The work for which proposals are invited is included under Contract No. 1 and consists of furnishing all labor, materials and equipment necessary to construct a water pollution control plant in accordance with the drawings and as specified.

Copies of the Contract Documents are on file and may be obtained at the Manager's Office in Circleville at any time between 8:00 a.m. and 5:00 p.m. Monday through Friday. These documents may be purchased for One Hundred Dollars (\$100.00).

As bid security, each proposal shall be accompanied by a certified check or bid bond with an approved surety company, in the amount of ten per cent (10 per cent) of the total amount of the base bid. The bidder to whom a contract is awarded will be required to furnish performance and payment bonds from an acceptable surety company in the total amount of the contract.

Bidders on this work will be required to comply with the President's Executive Order No. 11246. The requirements for bidders and contractors under this order, which concerns non-discrimination in employment, are explained in the contract documents under Labor Standards and Requirements.

The City reserves the right to reject any or all bids, to waive informalities and to award contracts which, in the opinion of the City, appear to be in its best interest. The right is reserved to hold any or all proposals for a period of thirty (30) days of opening thereof.

A Page Of Opinion

Shifting Trade Perils

As world trade patterns change, especially involving some of the major nations, old ties are loosened. Traditional trading partners begin to drift apart and some countries begin to worry that they may be left on the outside of new trade arrangements.

This is particularly true of the smaller countries which had depended largely upon one or two of the major industrial nations for much of the trade. The expansion in membership

and economic growth of the Common Market is having pronounced effect on trade relationships. The new detente between the United States and the Soviet Union is another.

Finland is one of the smaller countries which finds itself affected by both. Sharing its border with the Soviet Union, Finland literally has been a buffer zone between the East and West since the end of World War II. It has practiced its official neutrality to the hilt,

economically as well as politically.

As a result, Finland depends upon the Soviets for about one-sixth of its trade and gets another large slice from members of the Common Market, to which it does not belong. Thus, Finland is among the more sensitive countries in matters related to trade. The shifting sands of economic partnerships could construct new beaches for Finnish traders or erode those so assiduously cultivated.

New Berkeley Scandal

By JEFFREY HART

It is the very essence of academic freedom, and indeed of science itself, that any and all subjects are open to competent investigation. Yet Berkeley Chancellor Albert H. Bowker has issued a new policy directive that would drastically curtail the scope of scientific investigation.

Purporting to protect the "human subjects" of scientific investigation from harm, whether physical, psychological or sociological, the document was obviously designed to inhibit Jensen-type research into the relationship between race and intelligence. Such an assault upon the principle of free inquiry would issue in critical conclusions regarding any group, organization, or institution in the society.

Here is the key section on "social risks":

"Social risks are related in the main to procedures that may place the reputation or status of a social group or an institution in jeopardy. Procedures designed to measure the characteristics of easily defined subgroups of a culture may entail risk if the qualities measured are ones which have positive or negative value in the eyes of the group. Even when research does not impinge directly on it, a group may be degraded or its reputation injured. Likewise, an institution, such as a church, a university or a prison, must be guarded against derogation, for many people may be affiliated with, or employed by, the institution, and pejorative information about it would injure their reputations and self-esteem. In evaluating social risk an investigator should ask himself how the findings will appear to persons belonging to any identifiable group - or affiliated with an institution - studied and reported upon."

Business World

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — When you spoke of rich farmland in days gone by it was understood that you were speaking of the soil's fecundity. Today it's possible somebody will think you're talking about price.

In the latest compilation by the Department of Agriculture, farm real estate values were up 13 per cent for the year, bringing the rise during the past six years to about 50 per cent.

In some areas the increase is considerably more, actually exceeding the much publicized rise of suburban land prices. Since March 1967 the price of farm real estate in Nevada, for example, has exceeded 150 per cent.

The increases are more bad news for housewives, since the higher purchase prices will be reflected at the retail level. Conversely, higher food prices is one major reason why land prices are bid up.

The farmer receives the news with mixed emotions. A retiring farmer may get prices beyond what he would have imagined a few years ago. But a young buyer will find himself at a competitive disadvantage.

The major factor behind the rise, in the view of some agriculture authorities, is the sharp rise in commodity prices. With soybean prices double what they were a year ago, one farm financier forecasts soybean land to rise 30 to 50 per cent this year.

Acreage prices, near or at record highs, run from a minimum of about \$150 for wheatlands to \$250-\$300 for Alabama soybean land to \$500-\$550 for Mississippi Delta cotton-soybean land to \$1,200 for Illinois cornland.

Some larger increases are expected to result from nonfarm factors, such as housing demand and investors' efforts to seek hedges against inflation. That, at least, has been the pattern of the past.

New England farmland, which is

generally inferior to that of the Cornbelt, the Delta, and the Northern and Southern Plains, has risen close to 100 per cent since 1967, to a great extent because of housing and recreation.

No A-Bombs For Japan, Tanaka Says

WASHINGTON (AP) — Japanese Prime Minister Kakuei Tanaka ended his United States visit Sunday, declaring that Japan will not acquire atomic weapons in order to become a permanent member of the United Nations Security Council.

Japan is under constitutional restraint not to rearm or to send its forces abroad, Tanaka explained on the NBC show Meet the Press.

In a communique signed with Tanaka last week President Nixon pledged American support for Japan to join the U.N. Security Council as a permanent member.

Other permanent Security Council members are the United States, the Soviet Union, the United Kingdom, France and the People's Republic of China. All are nuclear powers.

Japan will continue to rely on the security treaty with the United States for nuclear protection, Tanaka said.

Tanaka also said he was sure trade difficulties between the United States and Japan can be solved, and he invited American businessmen to be more aggressive in selling goods in Japan.

Tanaka left for Tokyo Sunday from San Francisco, where he had spent two days giving speeches, relaxing and meeting Japanese-Americans. During his six days in the country he also had visited New York and Chicago.

Today In History

By THE ASSOCIATED PRESS

Today is Tuesday, August 7th, the 219th day of 1973. There are 146 days left in the year.

Today's highlight in history:

On this date in 1789, the U.S. War and Navy departments were established.

On this date—

In 1804, an American fleet bombarded the Mediterranean port of Tripoli.

In 1912, a Progressive party convention in Chicago nominated Theodore Roosevelt for president.

In 1941, Soviet planes carried out their first bombing raids against Berlin in the World War II.

In 1959, the Chinese Communists invaded a northeastern frontier area of India.

In 1963, the American first lady, Mrs. John F. Kennedy, gave birth to a son in Otis Air Force Base hospital on Cape Cod. The infant died two days later.

Ten years ago: West Germany announced that more than 16,000 East Germans had escaped to the West in the two years since the Communists built the Berlin Wall.

Five years ago: Richard M. Nixon won the Republican nomination for president at the party's national convention in Miami Beach.

One year ago: A federal Council on Environmental Quality reported that U.S. air was getting cleaner but the nation's water was growing dirtier.

Thought for today: That which is built upon the land goes with the land — Legal maxim.

"For our next anniversary, let's exchange practical gifts like socks and furs!"

Speaking Of Your Health

by Lester L. Coleman, M.D.

Is there any danger in giving blood to a blood bank?

Fifteen girls in my club want to donate this blood as a testimonial to our Guidance Counselor.

Not all of our parents are happy about this.

Miss L.H., W. Va

Dear Miss H.:

It is gratifying to hear of so generous and touching a gift.

Donating blood is entirely safe, is painlessly done and can be a most rewarding experience. Your contributing a life-saving pint of blood will bring you and your group limitless personal satisfaction.

Do you know that when you give a pint of blood to a blood bank you do not deplete your own body's resources? It stimulates the healthy person to produce more blood to make up for the amount lost. Within a very short time the blood count returns to normal.

A healthy person can safely give a pint of blood five times a year without doing himself any injustice.

Your parents will gain greater assurance if they know that before any blood bank accepts blood from a contributor a careful history is taken to insure that there is no risk to the donor.

My congratulations to all the girls in your club.

My mother and my grandmother gave birth to all of their children with the help of their family doctor rather than a specialist.

My husband insists that all children must be delivered by an obstetrician only, for complete safety.

I have just learned that I am pregnant and I have not yet chosen my doctor.

Mrs. G.S.E., S.C.

Dear Mrs. E.:

Let me immediately assure you that most of the children born in the world are delivered by family physicians. They are remarkably adept and highly trained in the delivery of children.

I would like to point out, too, that there has been a resurgence in the use of the midwife in many countries of the world. Midwives, too, are exceedingly capable and relieve doctors in overcrowded communities.

The family physician, by his vast experience, recognizes any unusual problems he must cope with during the course of pregnancy. Whenever a problem arises that needs special consultation he does not hesitate to call on the obstetrical specialist for help and advice.

Naturally, many women and their husbands may feel more secure in the hands of the obstetrician who has spent many years in acquiring knowledge about every aspect of childbirth.

In large cities, obstetricians are available. In many rural areas, it is the family physician who is most likely to be consulted during early pregnancy.

Probably the most important aspect of your letter is that you have not yet chosen your doctor.

For greater safety to you and your unborn child, and whomever you choose, it should be done early. Then you will have the fullest advantage of his knowledge.

According To Boyle

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

What the Watergate affair has proved to most of us is something we probably really knew all along—that you can confuse any issue if you put enough lawyers on the witness stand.

Any year is wasted in which you don't at least once smell a lilac bush in bloom after a light rain. It is the cleanest, clearest scent on earth.

If you think it is more fun to tickle a skinny girl than a fat girl, that shows one thing about you—you've never tickled a fat girl.

husbands, not pensions.

Isn't it nice to be worth more as you get older? In my youth I was told that the chemicals in a human body were worth only about 87 cents. But now, what with the rising price of gold, any middle-aged man who has much dental bridgework in his mouth, should be worth at least \$15 to \$20, and maybe more. Who says it doesn't pay to grow old?

KKK Chief Eyes Governorship

DAYTON, Ohio (AP) — Gov. John J. Gilligan should be limited to a single term, the head of the Ku Klux Klan in Ohio says.

Dale Reusch, 34, Grand Dragon of the Ohio Klan, told a rally here Sunday he'll run for governor next year if he can get the support.

"Gilligan is going to be a one-term governor anyway because he is disliked by the working people. He has brought more taxes than any other governor, including (James) Rhodes," Reusch, from Lodi, said.

Reusch said as a candidate for governor, he will oppose gun control and big government and will support tough antidrug laws.

2 Men Arrested For Meat Theft

WAVERLY, OHIO (AP) — Two Portsmouth men were in Pike County Court today to face charges of burglary and grand larceny in the theft of 1,200 pounds of meat.

George E. Jenkins, 31, and Eugene Johnson, 34, were charged with stealing the meat from the Kerns and Hurley Packing Co. near Piketon.

Jenkins suffered a broken leg when he fell down an embankment after the burglary early Saturday.

Dear Abby:

By Abigail Van Buren

Chump For Rich Widow

DEAR ABBY: I am a 55-year-old man whose wife died three years ago. I am going with a 51-year-old widow. She is a high class, attractive woman whose husband left her as well off financially as I am. (Maybe better.) I am not the only man she goes with, and I see other women, but we both see more of each other because we seem to enjoy each other's company more. (Yes, it is a "love" affair, too.)

This woman is always suggesting that I buy her expensive presents. I never figured her for a gold digger, mainly because she can buy anything she wants, but she insists that I buy her things. I haven't bought her anything, yet, but I am on the verge.

She's never bought me anything, but then, why should she?

Part of me says, "Buy her something to please her," but part of

me says, "Why should you? Don't be a chump." What do you say?

NOT TIGHT-
JUST CAREFUL

DEAR NOT: "Why should you? Don't be a chump." (P. S. If she's no gold digger, she shouldn't act like one.)

DEAR ABBY: This is just like waking up in the middle of a nightmare! We have been married for two years and are now in the process of moving. Yesterday I found nine handwritten "thank you" notes I had written for wedding gifts received shortly after we were married. They had fallen behind a desk drawer.

I feel two inches high, knowing that these people have never been thanked for their wedding presents. They are probably wondering what kind of manners I have. Or do you think they have forgotten about it by now?

MORTIFIED
DEAR MORTIFIED: It's a hundred to one they have not forgotten. Better late than never. Send the original "thank you" note, explaining exactly what happened. They'll understand.

DEAR ABBY: My mother in law lives in another state. I write her long, newsy letters about once every three or four weeks.

If I'm a little late getting a letter off to her, she calls mutual relatives long distance, telling them she is worried sick about me because she hasn't heard from me in so long.

Abby, she is not senile. She's sharp as a tack. I am on to her little stunt. She just does this to give the relatives the impression that I neglect her. (I do not!) If she is really worried about me, why doesn't she call ME instead of calling everybody else?

Any suggestions?

BUGGED
Dear Bugged: Short circuit her little stunt and be sure she gets an "I am fine" post card every week without fail.

DEAR ABBY: I have read and reread that letter about

"Grandma" who put \$200 in the bank every month while she lived off her married daughter. Grandma kept promising this daughter she would get everything when she (grandma) passed away.

That brought back memories of my own experience. I took care of an ailing uncle for many, many years. His own children never bothered with him. This uncle must have said a thousand times: "When I die, you are going to get everything I have."

Well, Uncle never made a will, and when he died his estate which was considerable, was divided up according to law. Guess who never got a dime?

"ME" IN ILLINOIS
DEAR ME: You belong to a large club. But there is no subtle way to suggest that someone make a will.

Pentagon Overshoots PR Budget

WASHINGTON (AP) — The Pentagon overshoot its fiscal 1972 public-relations budget by more than 100 per cent, the General Accounting Office says.

In a report to the Senate Foreign Relations Committee Sunday, GAO said the Defense Department went beyond its \$22-million budget and the \$28-million limit imposed by Congress by using a narrow definition of "public affairs."

Sen. J. W. Fulbright, D-Ark., Foreign Relations chairman, said the GAO findings indicate "how difficult it is to bring about effective congressional control over any entrenched Department of Defense practice, whether it is persuading the public to support more military spending or tolerating cost overruns on weapons systems."

Although the Pentagon listed public-affairs spending at \$22 million, a selective audit showed about \$24 million in expenditures for other promotional activities, GAO reported. The agency said it had not concluded that all those projects were for "public affairs" but said they are promotional and should be reported as public-affairs expenditures.

As examples, GAO noted that the Defense Department spent \$5.3 million to finance four aerial-stunt teams, such as the Navy's Blue Angels, and \$10.6 million for five Washington-based ceremonial bands.

3 Lima Men Feared Dead

* LITTLE CURRENT, Ont. (AP) — Aircraft searched unsuccessfully Monday for three Lima, Ohio, men missing and presumed drowned near Manitoulin Island, in Lake Huron between Sudbury and Sault Ste. Marie, Ont.

The three men—Rex Matthews, 52, Thomas Berger, 43, and Donald Durham, 40—left Meldrum Bay, at the northwest tip of Manitoulin, for Vidal Bay, about 12 miles away, on a fishing trip last Wednesday.

Some of their supplies were found in a cabin at Vidal Bay, but no trace of the men or their boat has been found.

The search has been restricted to aircraft so far because of rough water, but if weather permits, a police boat will join the search Tuesday.

KSU Shooting Stories Confused

CLEVELAND, Ohio (AP) — The American Civil Liberties Union has released to the Cleveland Plain Dealer portions of several unpublished eye-witness accounts of the 1970 Kent State shootings that allegedly support reports that a civilian fired on the demonstrating students.

Recordings of the transcripts say one witness saw a civilian photographer carrying a .38 revolver standing with National Guardsmen. The witness said he saw the man fire at the demonstrating students, according to the Plain Dealer in its Sunday editions.

Another witness told of a man of similar description who brandished a chrome-plated revolver and pistol-whipped one student about a half hour before the shooting, the newspaper reported.

Sen. Birch Bayh of Indiana last week released letters purportedly written by two National Guard officers saying an FBI undercover agent—Terrance Norman, of Akron—admitted firing his revolver and possibly hitting a student before guardsmen opened fire.

If Norman did fire the first shot, some guard officials feel he might have triggered the tragic shootings.

Ohio ACLU executive director Benson Wolman told a Plain Dealer reporter he had been asked only to release names of key witnesses to the incident to the FBI, and therefore did not release specific transcripts.

Wolman has said he is convinced political pressure was used to suppress a Justice Department inquiry into the deaths of four young anti-war demonstrators.

He has urged that a special grand jury be convened and a special prosecutor be appointed to review the evidence.

The Justice Department announced last week it would reopen an inquiry into the shootings, but did not mention the possibility of a grand jury.

The Plain Dealer reported that a former newsman with a Cleveland television station, Fred R. DeBrine, told federal investigators he saw Norman surrender a .38 revolver to campus police, saying "I had to do it. They were trying to kill me."

DeBrine reportedly said he never was called to testify before the grand

jury probing the deaths. The article quoted DeBrine as saying he heard Detective Thomas Kelley of the Kent State campus police say Norman's gun had been fired four times.

KSU police later issued a report stating the gun had not been fired. Kelly, contacted over the weekend by the Plain Dealer, declined comment on his alleged statement.

Shortly after the shootings, a Portage County coroner's report indicated that "military" bullets killed the four students. National guard officials in 1970 suggested, however, that one of the 10 students hit was felled by a "nonmilitary bullet."

Shultz Says Diet Changes Aid Bills

WASHINGTON (AP) — Treasury Secretary George P. Shultz says one way to cope with high food costs is to take a good look at your diet to see if some changes can be made.

"I know it's a good idea for me, and I think that wouldn't be a bad idea for lots of people," he said on ABC's "Issues and Answers" television program Sunday.

"As you can see, I've probably eaten more than I should in recent months and years," he said.

Although Shultz deals in billions and millions, he says he has a complete awareness of the housewife's grocery bill "because my wife points it out to me all the time."

Small Phone Union OKs New Contract

MARION, Ohio (AP) — Members of the International Brotherhood of Electrical Workers Local 642 has ratified a new two-year contract with the General Telephone Co., company officials said today.

The local represents about 115 installer-repairmen, clerks and operators at 17 exchanges in the company's Minerva district.

The contract, which provides for a 7 per cent wage and benefits increase, was accepted by union negotiators last week and ratified over the weekend, a company official said.

Don Detweiler said the contract is substantially the same one which has been rejected by the Communications Workers of America, who have been on strike against the company since July 16.

Detweiler said vandalism to company facilities late Sunday interrupted long distance service to about 20,000 customers in Athens, Hocking and Meigs counties. Service would be restored sometime today, he said.

No new negotiations were scheduled for this week between Gen Tel and the CWA, said federal mediator Howard Hughes.

Urge Regulation Of Lobbyists

COLUMBUS, Ohio (AP) — Atty. Gen. William J. Brown said today he'll propose legislation covering registration and expense reporting by lobbyists.

Brown said in a statement there is a need for full, public disclosure by special interest groups and public officials "and Ohio definitely needs a clear, stringent, new law in this area."

He said existing law is vague and as a result, it's almost impossible to obtain convictions.

"The new legislation will require full registration and complete disclosure of expenses by all lobbyists practicing in Ohio," he said.

The Pecos River runs 735 miles from Mora County, N.M., to Rio Grande in Texas.

Bride, Groom Exchange Wedding Vows In Evening Ceremony

Wedding bands and marriage vows were exchanged June 30 by Miss Judith Ann Styers and Mr. Richard S. Perkins before the altar of the Circleville Church of the Nazarene. Rev. William Hill officiated at the 7:30 p.m. ceremony and communion service joining the niece of Mrs. Roy Purcell, 123 Mingo St., and the late Mr. Roy Purcell, and the son of Mr. and Mrs. Charles Linton, Columbus.

The bride was escorted by her uncle, Mr. William Canter, to an altar decorated with vases of white carnations and pink and white daisy pompons, and flanked on either side by seven-branch candelabra.

The couple's family Bible had a place of honor on the communion table, with a gold cross and two white candles.

A program of nuptial music was presented by the organist, Mrs. William Hill, and vocalist, Mr. Sam Stimpert. Featured vocal selections were "Because," "Lord's Prayer," "More" and "Walk Hand in Hand."

For her wedding day, the bride chose a formal length gown of snow white organza, with a full skirt sweeping to a chapel train in a cascade of lace-edged ruffles. Scalloped, sequined Chantilly lace encircled the high neckline, waist and cuffed the full sheer bishop sleeves. A lace caplet trimmed in seed pearls held her tiered, elbow-length veil of illusion. She carried a cascade of white carnations and pink and white daisy pompons atop a small white Bible.

Her honor attendant, Miss Billie Ann Shelton, was gowned in a pink dotted swiss formal gown, featuring an empire waist and puffed sleeves trimmed with white lace accented with tiny pink rosebuds. A headpiece, styled as a large bow, was of the same material as her gown.

Bridesmaids Miss Debbie Linton, Miss Tami Linton, sisters of the groom, and Miss Sandra Glitt, wore ensembles matching the maid of honor's. Each attendant carried a

MR. AND MRS. RICHARD S. PERKINS

single, long-stemmed pink rose. As flower girl, Miss Michelle Linton, the groom's sister, preceded the bridal party down the aisle, with her white basket of daisies and carnations. Her gown of pink dotted swiss trailed to the floor.

Mr. Ray Crawford served his friend as best man. Ushers were Mr. Danny Crabtree, Mr. Rick Norris and Mr. Mike Hupp.

A knit gown of polyester in white and dusty rose was chosen by Mrs. Purcell for her niece's wedding. Mrs. Linton was gowned in moss green crepe

trimmed in silver, with a matching green chiffon cape. Both wore corsages of pink rosebuds and white carnations.

Mrs. William Smith, Mrs. Charles Carle Jr., Mrs. Ralph Hart and Mrs. Mike Hupp were hostesses at the reception held in the church Fellowship Center immediately following the ceremony. Centering the serving table was the four-tier bride's cake in white with pink accent roses and topped with the traditional bride and groom figurines. Miss Dianna Glitt presided at the guest register.

The new Mr. and Mrs. Richard Perkins now reside at 125 Mingo St. Mrs. Perkins is employed at the Pickaway County Welfare Department. Her husband has a position at Heck's Department Store. Both are graduates of Circleville High School.

Out of town guests attending the wedding were from Waynesville, Marion, Athens and Columbus.

Personals

Mr. and Mrs. Paul Thompson, Jackson Twp., had as their dinner guests Sunday evening Mr. and Mrs. Robert Moyer, of Wilmington, Mr. and Mrs. George Mowery, of West Liberty, Mr. and Mrs. Gary Thompson, and Mr. and Mrs. Brad Thompson and Marci and Janelle Thompson.

Mrs. Loring Allen Sr., 506 N. Court St., and her daughter Mrs. Glenn Whitten, Williamsport, recently returned from a trip to Albany, Ore., where they visited with another daughter and sister, Mrs. Fred (Marjorie) Vogt, and family. While there, they toured the Pacific coast and visited Silver Spring Falls and the Undersea Wonder Gardens at Medford, Ore.

Mrs. Vogt and daughters Sharon and Carol, Mrs. Allen and Mrs. Whitten drove to Avenal, Calif., for the wedding of Mrs. Allen's granddaughter, Miss Beverly Werner, to Mr. Keith Appleton. While at Avenal, the family also visited Mrs. Jewel Werner and did some sightseeing.

Poll Says Vietnam War Was Mistake

PRINCETON, N.J. (AP) — The Gallup Poll says two-thirds of the leading foreign public officials and private citizens surveyed believe the United States' military intervention in Vietnam was a mistake.

A majority of the 1,353 persons questioned in the poll, made public Sunday, also felt the U.S. lost prestige because of the Vietnam war and should help rebuild North Vietnam.

Gallup said the respondents were chosen from "Who's Who in the World" and "The International Who's Who." They represented 70 nations. Six leaders from Communist nations were included.

The questions and the percentages of the replies were:

"Now that the United States has reached a peace settlement in Vietnam, do you think it was a mistake for the United States to intervene there with military forces in the first place?" Yes, 66; no, 30; no opinion, 4.

"Do you feel that the United States gained or lost prestige by its involvement in Vietnam?" Gained, 9; lost, 86; no opinion, 5.

"Do you think the United States should help to rebuild North Vietnam?" Yes, 59; no, 24; no opinion, 17.

"Would you like to see North Vietnam and South Vietnam joined as one nation?" Yes, 55; no, 20; no opinion, 25.

"Do you think that North Vietnam will eventually take control of all Vietnam, or will South Vietnam be able to maintain its independence?" North Vietnam will take control, 67; South Vietnam will remain independent, 22; no opinion, 11.

Scioto Women's Society Plans Annual Picnic

The Scioto Chapel Women's Society is planning a carry-in supper Thursday at the roadside park on Route 23, north of South Bloomfield.

Members are to meet at 6 p.m. Thursday for the annual society picnic.

Garden Club To Meet

Friday has been set for the meeting of the Soloqua Garden Club.

Members will meet at 1:30 p.m. at the Scioto Chapel United Methodist Parish House. Hostesses for the meeting will be Mrs. Charles Taes and Mrs. Cecil Ward.

Salem WSCS Will Meet

Mrs. Jacob Maxwell, Route 1, Kingston, will be hostess for the Salem United Methodist WSCS meeting Thursday evening at 8.

Sun Dance May Include Skin Peeling

MISSION, S.D. (AP) — The Sioux Sun Dance attracted an estimated 2,000 Indians to witness the start of the four-day main sacrificial religious ceremony of the Plains Indians.

Most of the worshippers on hand Sunday apparently were from the Rosebud Indian Reservation in south central South Dakota, where the Sun Dance is being held. But some came from as far away as New York, California and Oklahoma.

The Sun Dance goes back at least 500 years in Indian history.

A spokesman said the ancient custom of piercing the dancers' skin will be a part of the thanksgiving ceremony — probably on Wednesday.

The rite involves insertion of leather thongs under the skin of the dancers' chests and backs. The skin is ripped away in strips as the dancers pull away from a pole to which the thongs are tied.

The practice is prohibited by the federal government.

Encyclopedia Sales Firm Hit By Suit

COLUMBUS, Ohio (AP) — Ohio Atty. Gen. William J. Brown has filed a contempt of court action against a Cleveland-based encyclopedia sales organization.

Brown's affidavit, filed Monday, alleges that Program Learning Inc. falsely offered free encyclopedias in exchange for endorsements and misrepresented the value of its merchandise in violation of a court order last March prohibiting the practices.

Mosley-Dean Wedding Plans Announced

MISS CAROL MOSLEY

Mrs. Carol Mosley, Route 2, Amanda, and Mr. David Mosley, of Route 1, Laurelville, announce the engagement of their daughter, Sandra Sue, to Mr. Joseph Michael Dean.

Mr. Dean is the son of Mr. and Mrs. Joseph Dean, of Route 3, Circleville.

The couple has set Aug. 31 as the date for their marriage. They will exchange vows during the 7 p.m. ceremony to be held at the Church of Christ in Christian Union, on E. Ohio St. The tradition of open church will be observed.

Commissioners' Award Given

Mrs. Paul Stout, Route 1, Lockbourne, was awarded the Commissioners Award Friday for earning the most total points in the Homemaking, Hobbies and Novelties Department at the Pickaway County Fair.

Wayne Hines, senior county commissioner, now serving the Pickaway County government, presented Mrs. Stout a Grand Champion plaque for accumulating the highest total points in that department.

Farrar Family Holds Reunion

The second annual Farrar reunion was held recently at Gold Cliff Park with 81 persons present representing 21 families.

Following the carry-in dinner a short business meeting was conducted by the 1973 president and secretary treasurer, Olive and Bob Farrar. A resolution was passed to hold the 1974 reunion at the same location the last Sunday in July.

Mrs. Leila Farrar from Virginia Beach, Va., was the eldest family member present and four month old Joel Stewart, son of Mr. and Mrs. Gary Stewart, the youngest. They were each given a silver dollar in remembrance of the occasion.

The afternoon was spent visiting, pitching horseshoes, swimming and skating.

Boys And Girls In Service

U.S. Air Force Sergeant Charles A. Walisa, son of Mr. and Mrs. Roy R. Walisa, 1238 S. Pickaway St., has arrived for duty at Ramstein AB, Germany.

Sergeant Walisa, a fuels specialist, is assigned to a unit of the U.S. Air Forces in Europe. He previously served at Webb AFB, Tex.

The sergeant is a 1969 graduate of Circleville High School.

His wife, Darla, is the daughter of Mr. and Mrs. Earl Spiller, Rt. 1, Big Spring, Tex.

Staff Sergeant Tommy W. Donohoe, son of Mr. and Mrs. Thomas W. Donohoe of 324 W. Front St., New Holland, is a member of a group which has earned the U.S. Air Force Outstanding Unit Award.

Sergeant Donohoe, a personnel specialist, is assigned at Chicksands RAF Station, England, with the 6950th Security Group which received the award for over-all professionalism and excellence from June 1970 through May 1972.

He will wear a distinctive service ribbon to mark his affiliation with the unit.

The sergeant, a 1965 graduate of Miami Trace High School, Washington C. H., attended Ohio University.

U. S. Air Force Technical Sergeant Franklin D. Van Fossen, son of Mr. and Mrs. Rollie Van Fossen, R. R. 2, Laurelville, has arrived for duty at Kunsan AB, Republic of Korea.

Sergeant Van Fossen, a supply supervisor with a unit of the Pacific Air Forces, previously served at Lockbourne AFB.

The sergeant is a 1952 graduate of Adelphi-Harrison High School in Adelphi. His wife is the former Audrey I. Hollingsworth.

Airman Dennis C. Dunham, whose wife, Bernadette A. Bialy, is the daughter of Mr. and Mrs. Edward Bialy of Route 5, Circleville, has completed Air Force basic training at Lackland AFB, Tex.

DENNIS C. DUNHAM

During his six weeks training, he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman is remaining at the Air Training Command base for specialized training in communications-electronics systems.

Airman Dunham is a 1966 graduate of Springfield High School, Akron.

Gregory L. Shaw, son of Mr. and Mrs. Bryce B. Shaw, 209 W. Front St., New Holland, has been promoted to sergeant in the U.S. Air Force.

Sergeant Shaw, a weapons mechanic at Kunsan AB, Republic of Korea, serves with a unit of the Pacific Air Forces.

The sergeant is a 1969 graduate of Miami Trace High School, Washington C. H.

His wife, Gail, is the daughter of Mr. and Mrs. Ernest Stanforth, 809 N. North St., Washington C. H.

RONALD D. THOMAS

Pvt. Ronald D. Thomas of South Bloomfield, is presently undergoing Basic Combat Training at Fort Knox, Ky. Pvt. Thomas is the Son of SFC (ret) and Mrs. Sidney Thomas and a graduate of Teays Valley High School. Friends may write him at: Co A 12th Bn 5th Tng Bde, Usaaarmc 3rd Platoon, Fort Knox, Ky. 40121.

Army First Lieutenant William A. Dore, 24, son of Mrs. Georgia C. Dore, 164 Powell St., Ashville, recently participated in the VII

Corps' Army training test conducted at the U.S. Army-Europe major training area in Grafenwohr, Germany.

This annual training is conducted to test a unit's overall combat readiness under realistic conditions.

Lt. Dore is regularly stationed in Ansbach as commanding officer of service battery, 2D battalion of the corps' 28th field artillery.

His wife, Stephanie, is with him in Germany.

Army Staff Sergeant Paul D. Leach, son of Mrs. Ruth A. Grooms, 201 W. Mill St., recently was assigned to the Third Armored Division in Hanau, Germany.

Sgt. Leach is a section chief in Battery B, 1st Battalion of the division's 40th Field Artillery.

His wife, Nancy, is with him in Germany.

U. S. Air Force Captain William G. Vance, son of Mr. and Mrs. William C. Vance, Route 2, Orient, has arrived for duty at Nakhon Phanom Royal Thai AFB, Thailand.

Captain Vance, a CH-53 helicopter pilot, is assigned to a unit of the Pacific Air Forces.

The captain, who previously served at Little Rock AFB, Ark., graduated from Squadron Officer School at Maxwell AFB, Ala., and received his CH-53 upgrade training at Hill AFB, Utah.

Captain Vance graduated from high school in 1961 in Derby, and received a B.S. degree in 1966 from Ohio State University where he was commissioned through the Air Force Reserve Officers Training Corps program and is a member of Alpha Gamma Sigma.

Captain Vance's wife, Connie, is the daughter of Mr. and Mrs. H. G. Clemons of 351 Rossleyan Ave., Columbus.

Airman Pete Williams, son of Mrs. Lisa Everts of 5043 N. Walnut St., Ashville, has graduated at Sheppard AFB, Tex., from the U.S. Air Force telephone equipment installation repairman course conducted by the Air Training Command.

The airman, who learned to install and repair telephone equipment, is being assigned to Wright-Patterson AFB, for duty with a unit of the Air Force Communications Service.

Airman Williams is a 1971 graduate of Teays Valley High School. His father, Richard Williams, resides on Route 2, Sciotoville, Ohio.

Stephen B. Fowler, is undergoing basic training in the U.S. Army at Fort Dix, New Jersey. He entered the service July 19. His address is: Pvt. Stephen B. Fowler, 279-56-2324, D-1-3, Fort Dix, New Jersey 08640.

Ronald Nelson Bell, was voted 'Marine of the Month' for July at Camp LeJune, North Carolina.

Bell has been in the service for 2½ years and was recently promoted to sergeant.

He is a graduate of Teays Valley High School.

Tax Sharing Cuts Pressure On States

WASHINGTON (AP) — States are using more than 50 cents out of every revenue sharing dollar for education but the chief impact over the long run may be in easing state pressure for higher taxes.

Those are among the conclusions of a study by the General Accounting Office of the landmark federal-state program enacted in 1972 after a long campaign by state and local officials.

The GAO study focused on the \$1.7 billion distributed to the states in the first two revenue sharing installments in December 1972 and January 1973. Another \$3.4 billion went to units of local government.

Of the \$957.9 million for which the GAO was able to identify specific uses, some 58 per cent is earmarked for education.

Some \$377 million was earmarked for capital expenditures, chiefly construction and land acquisition, with lesser amounts for hospitals, highways and other areas.

Most of the remaining \$742.1 million has not yet been designated.

The congressional fiscal watchdog agency noted that funds freed by revenue sharing allotments could be used to allow the state to reduce its taxes, add funds to other programs, postpone a planned tax increase or provide a surplus for the future.

In response to a GAO query, officials of 18 states said the funds would help to permit some tax relief, officials of 16 states said it would postpone future tax increases and officials of 14 said it would increase funds left over for the future.

The study found that states had earned a total of \$21 million in interest from investing their revenue sharing funds pending a decision on spending it.

It made no attempt to judge whether states had used the money wisely.

Lucasville Security Said 'Shocking'

PORTSMOUTH, Ohio (AP) — Security at the southern Ohio Correctional Facility in Lucasville is being tightened after a grand jury reported it was "shocked and appalled with security" at the institution.

The Scioto County Grand Jury also indicted two men in connection with the death of a prison guard July 24.

Following the grand jury report Monday, Ohio Corrections Director Bennett Cooper announced that female officers will begin searching women visitors to the new, \$32.5 million facility.

Cooper also said all visitors will be checked with a metal detector.

He declined direct comment on the

grand jury's statement, however until his department received the report.

The grand jury report read in part:

"The grand jury of Scioto County, Ohio, is shocked and appalled with the conditions existing at the Southern Ohio Correctional facility including the ease with which weapons, narcotics and other contraband flow into the facility."

In a separate statement, the grand jury called on Gov. John Gilligan to take action to "insure the safety of the personnel, inmates and citizens of Scioto County, Ohio, and to protect property of the State of Ohio."

The grand jury indicted inmate Wayne Lester Raney, 23, of

Montgomery County, for first-degree murder in the fatal shooting of guard Arthur Sprouse, 41.

The jury also indicted Ronald Pratt, 27, a former guard, for conveying articles into the penitentiary and aiding a convict in an attempt to escape.

Prosecuting Attorney Everett Burton said the article conveyed was the gun with which Raney allegedly shot Sprouse.

"Despite the weapon that has been smuggled in, we have no reason to believe that the department's search procedures regarding visitors are inadequate," Cooper said.

"The great majority of our employees are dedicated and loyal despite the

current allegation that one of them was involved in smuggling contraband into an institution," he added.

The Department of Rehabilitation and Corrections expects to complete a weapons search at the Lucasville facility by the middle of the week, a spokesman said Monday.

Completion of the shakedown means normal incoming and outgoing transfers can resume, probably by Wednesday, the spokesman said.

Rep. McClaskey Proves 'Handyman'

COLUMBUS, Ohio (AP) — If Vernal Riffe is the "mover" of legislation in the Ohio General Assembly and Oakley Collins is the "killer" of bills, then Rep. Walter D. McClaskey has got to be known as the "handyman."

The freshman Republican from Marion hasn't built up a big name for himself in the legislative arena. Few freshman do.

But he's the General Assembly's top fix-it man.

Riffe, D-89 New Boston, is the speak protm. And he does move legislation.

Collins, R-92 Ironton, a freshman in the House after long tenure in the Senate, still has the contacts to kill some legislation.

But McClaskey, a veterinarian, has provided services beyond the call of those demanded for the normal legislator.

Who else, for example, would provide the linament for the ailing arm of Rep. Tom Fries, D-35 Dayton, a one-time major league baseball player.

McClaskey, being the closest thing the General Assembly has to a doctor, said "I have to know where they hurt

because my clients can't tell me," he says, paraphrasing Will Rogers. He has volunteered his services in other areas.

He took home each weekend a wobbly witness stand from committee hearing rooms and repaired them in his basement work shop.

When three legislators discussing medicine said they had never seen an operation in progress, McClaskey took them to his operating room.

Although there was some gagging by the onlookers, the patient—a cat—is doing fine.

The 53-year-old McClaskey, however, feels he may have carried his extra curricular chores too far.

He's not in trouble with the Ohio Medical Association and animals love him. But he is worried about a note he found in his car from a guard in the House parking lot.

The guard asked if he could recommend something to remove warts from his wrist.

"I'll have to ask him to go over to Senate parking lot," McClaskey deadpanned, "since I'm not allowed to make House calls."

Skylab Crew In Record Space Walk

SPACE CENTER, Houston (AP) — With a record space walk on the books, Skylab 2's astronauts today resume experiments in their orbiting laboratory.

The flight plan called for mostly medical experiments for Alan L. Bean, Dr. Owen K. Garriott and Jack R. Lousma. But Garriott, a solar

physicist, planned a long-awaited study of the sun with a battery of eight telescopes.

Garriott and Lousma loaded the telescope cameras with film Monday during a record space walk in which they were outside the station 6 hours, 31 minutes. That's nearly double the previous mark set by two Skylab 1

astronauts in June.

During the excursion, they also raised a new sunshade over their space home, worked with two scientific experiments and examined three trouble areas on the spacecraft.

Monday's space walk had been set for 3½ hours, but it was extended an extra three hours because of

difficulties in erecting the shade.

They discovered no new clues to Skylab's problems.

The major problems afflicting the station on the 11th day of the Skylab 2 mission are:

—Leaks in two steering rocket systems on the Apollo taxi ship in which the astronauts are to return to earth on Sept. 25 after 59 days in space. Experts say the craft is still flyable. In case they don't understand the problem, or it gets worse, the space agency has ordered a rescue rocket prepared at Cape Kennedy for a possible launch Sept. 10 or later.

—A leak in a refrigeration system that cools the workshop and various electric equipment. On Monday it was feared both the primary and backup systems had leaks. Analysis showed that only the primary system was faulty and that the secondary is sufficient to support Skylab 2 as well as the following two-month Skylab 3 mission. Still, troubleshooters would like to know the cause of the leak.

—A large short circuit that occurred in the solar telescope system last week. Its origin is a puzzle, but so far it has not affected the experiments.

—Partial failure of a system that removes excess moisture from the cabin atmosphere. It requires frequent servicing to maintain proper pressure.

The troubles prompted a flight director, Chuck Lewis, to remark on Monday, "I have the feeling that someone doesn't like us at times. It can't be real, but it's happening."

Nixon Back At Retreat

CAMP DAVID, Md. (AP) — President Nixon spent Monday night at his mountain retreat here, with no immediate indication of when he would return to the White House.

Deputy Press Secretary Gerald L. Warren said the President was driven to Camp David Monday afternoon along with his chief of staff, Alexander M. Haig Jr.

Warren gave no indication as to why Nixon suddenly returned to the retreat, where he had spent the weekend, saying only "he decided to go up there and work."

There was no word as to what Nixon was working on.

However, Nixon is expected to make a formal statement on the Watergate affair after the Senate Watergate committee completes the first phase of its hearings, expected later this week.

Police Classes Open

COLUMBUS, Ohio (AP) — Ohio Atty. Gen. William J. Brown welcomed the first class of law enforcement officers studying the state's new criminal code Monday. The code goes into effect in less than five months.

McCain Family Returns From South American Tour

Mr. and Mrs. Kester McCain and daughters, Barbara and Bonnie, Tarlton Road, have returned from a 40,000 mile tour of South America. They accompanied the "Singing Ambassadors," a missionary-support team from Asbury College, Wilmore, Kentucky. Miss Barbara McCain is a member of this internationally recognized group.

Through the joint efforts of government officials and missionaries, the "Singing

Ambassadors" were scheduled to appear on television and radio, in universities and colleges, at cultural functions in the U.S. Embassies, and for an assembly of the Ecuadorian military personnel. One of the most memorable concerts took place on the Playas Beach where the choir greeted the fishermen returning from sea with their "catch."

The tour included Bogota and Medellin in Columbia; Quayaquil and Quito in Ecuador; Londrina, Charcara

Flora, Maringa, and Sao Paulo in Brazil. During the five weeks of traveling only one incident occurred which reflected some hostility. At the University of Bogota, a few students accused the singers of being sent as "agents" of the United States to promote the capitalist system! On one other occasion the concert was presented in a public park with military protection — only to insure the safety of the tourists — the officials explained.

On the whole, the McCains found the South Americans friendly, generous, and receptive to the Christian message of the "Singing Ambassadors." However, in most places the choir was advertised simply as a cultural group from the United States with no mention of the fact that it represented a Christian college.

The travelers came back with a greater appreciation for our country. Many of the luxuries we middle-class Americans take for granted are beyond the reach of the working man who earns a dollar a day. Life for the children is especially hard. In Bogota alone there are 10,000 between four and sixteen years of age who have no bed at night except the street.

Even on vacation the McCains found work to do. Mr. McCain operated the sound equipment used by the choir. Mrs. McCain and Mrs. Rains, wife of the director, utilized every spare minute to crochet forty-one sweater capes. These were given to the hostesses who made their visit to South America a time to long remember.

Stevie Wonder Hurt In Crash

WINSTON-SALEM, N.C. (AP) — Blind soul singer Stevie Wonder is in satisfactory condition after being injured in a highway accident, Baptist Hospital said today.

Wonder, 23, was hurt when a car driven by John Harris, 24, of New York City collided with a logging truck Monday near Salisbury. Harris was listed in good condition.

Wonder and Harris were taken to Rowan Memorial Hospital in Salisbury after the wreck. Wonder later was transferred to the larger Baptist Hospital.

Little Auglaize River Watershed Tour Scheduled

Stream channelization or channel modification is a very controversial subject. When existing water channels are altered, drainage is enhanced and flood damage can be reduced but

Hoffa Plans Lucasville Prison Tour

COLUMBUS, Ohio (AP) — Former Teamsters boss James Hoffa, who spent 58 months in a federal prison for jury tampering, will talk with inmates Thursday at the troubled Ohio prison at Lucasville.

Hoffa said he had letters from inmates saying prisoners had been stripped and locked up 24-hours a day after two guards were killed at the prison July 24.

He will be accompanied by C. Edward Lawrenson, director of the criminal reform movement of the National Association for Justice. Hoffa heads up the crisis control center of the NAJ.

Hoffa said he came to Columbus believing he could tour the Southern Ohio Correctional Facility Monday. He said he and Lawrenson had approval from Governor John J. Gilligan and prison officials to have unrestricted talks with guards and inmates.

Lawrenson said Dr. Bennett J. Cooper, director of the Ohio Department of Corrections and Rehabilitation, told him the inspection would have to wait until Thursday when a shakedown of inmates is scheduled to be completed.

Although Hoffa said he would be impartial, he added, "It's unbelievable that people would be stripped and locked into cells 24 hours a day."

Euthanasia Support Grows; Policy Urges Passive Death

NEW YORK (AP) — The Euthanasia Society of America's membership has jumped from hundreds to tens of thousands in the last four years, and its director says interest continues to swell.

"The phones have been a steady tattoo," said Mrs. Elizabeth T. Halsey, 70, head of the organization that was established in 1938.

The most recent surge of interest in the legal and moral questions of euthanasia, or the act of painlessly killing someone for reasons assumed to be merciful, was sparked by the two widely publicized cases in New York and New Jersey this summer.

Dr. Vincent A. Montemarano of East Meadow, N.Y., has been accused of injecting a fatal dose of potassium chloride into a comatose patient. Lester Zygmanski of Englishtown, N.J., has been charged with fatally shooting his brother, who had been paralyzed by a motorcycle accident.

Mrs. Halsey has received about \$100,000 in donations so far this year; as much as was received during all of 1972. Donations totaled about \$33,000 in 1970. Membership has jumped from 600 in 1969 to 50,000 this year, she said.

Mrs. Halsey attributes the increase to more publicity and because "now there are so many ways of keeping people alive."

"People are becoming very afraid of this," she said. "A person doesn't die anymore in the bosom of his family."

They attach tubes to him and stick him into intensive care, and it's far from dignified."

Mrs. Halsey, a widow who has directed the organization since 1969, said there is less interest in rural and low-income areas where there are fewer hospitals and advanced medical facilities.

The society advocates passive rather than active euthanasia. That is, it would favor halting prolonged medical attention to someone who might require it but not an injection of poison into a terminally ill patient.

"My sister had pneumonia a couple of years ago, and she was stuck full of tubes," Mrs. Halsey said. "Well, I told the doctor that if she has heart arrest, and her brain becomes injured, please don't work on her."

Youth Dramatics Offered Locally

Registration is still open for the program, "Creative Dramatics for Children," taught by Pat May.

First session was held Tuesday morning in Memorial Hall. The four-week program offers youths age ten and older in exercises, improvisations and other dramatic endeavors set to music.

Sessions are held from 10 to 11 a.m. Tuesday and Thursday, under the direction of Miss May and Robin McCabe.

Give yourself a Christmas present NOW!

Join the gas company's budget payment plan.

Next January, when you're groaning over all your Christmas bills, you'll be glad you gave yourself a gift of the gas company's *Budget Payment Plan* in August.

Naturally, you use more heat in your home during the cold weather, and your gas bills for those months are higher. But the gas company has a 12-month *Budget Payment Plan* that reduces those higher cold-weather heating bills by spreading the cost over the entire year.

This winter, when the temperature drops outside, you can relax and enjoy your warm, comfortable home without worrying about the mailman delivering those normal winter gas bills to you.

Give yourself a Christmas present now. Join the *Budget Payment Plan* by paying the budget amount, which will appear on your next gas bill. For additional information, call your local gas company office.

COLUMBIA GAS

Gas is precious, pure energy... use it wisely.

COLUMBUS, Ohio (AP) — Gov. John Gilligan's committee to study state real estate licensing practices may be ready with recommendations by the end of the month.

The five-member panel held its last scheduled hearing Monday and took testimony from Ohio Real Estate Commission personnel and former employees.

Gilligan appointed the committee after it was disclosed that former Republican Gov. James Rhodes and others had received real estate licenses after taking special exams. Rhodes received his license after an oral examination instead of the regular, six-hour written test.

Paul Everson, a former OREC commissioner, testified that the commission used discretionary authority in handling some licensing cases.

He said the discretionary authority was determined for the OREC by assistant attorneys general who acted as counsel for the commission.

Scott Rawling, an assistant attorney general who has worked for the real estate commission, told the committee the attorneys general "never purported to clothe the Ohio Real Estate Commission with blanket discretionary power."

Witnesses and committee members agreed that the commission needs a full-time attorney present at all commission meetings.

Committee members also said they want to review areas where they believe the commission has exceeded its authority, as well as training programs for new commission members.

David Maffeo, a former OREC

employee, was the first to testify at Monday's hearing. He resigned from the commission in April after it was discovered he had given real estate tests to relatives.

Maffeo is scheduled to take a special

broker's examination Wednesday. He was disqualified from taking the exam this spring because it was similar to tests he administered while employed by the Ohio Real Estate Commission.

Maffeo told the committee he had

Retiring Orient Director Receives Governor's Award

Dr. Robert L. Frazier, retiring superintendent of Orient State Institute, Monday morning received the Governor's Award for Community Action.

Gov. John J. Gilligan presented the award to Dr. Frazier during groundbreaking ceremonies for the new Orient facility.

Dr. Frazier who has spent 34 years at the Orient State Institute, was commended by Governor Gilligan for his "many years of outstanding service to the state instituting and implementing programs for the mentally retarded."

While he was superintendent, programs for general and vocational education, activity, therapy, language development and a pilot program involving services for the blind were developed. Dr. Frazier was also instrumental in increasing the number of physicians serving the residents of the institution from 3, including himself, in 1955, to approximately 25. During the same period, the number of nurses increased from one registered nurse to approximately 60 registered and licensed practical nurses.

In addition to his work directly related to the institution, Dr. Frazier has done important published pilot studies on phenylpyruvic amentia—a hereditary metabolic disorder frequently associated with mental retardation—and endemic amebiasis, the state of being infected with living emebae.

He has been listed in Who's Who in America each year since 1965. He is a

member of the Ohio Psychiatric Association, American Psychiatric Association, American Medical Association, Ohio State Medical Association, Columbus Academy of Medicine, American Association on Mental Deficiency and the American Genetic Association.

About the Governor's Award for Community Action, Governor Gilligan has said, "Thousands of our fellow Ohioans contribute their talent, time and energy to helping their fellow citizens, and most of them are never properly recognized for their contributions. Through the Governor's Award for Community Action, we hope to bring to many of these people the recognition and the respect in their community they so richly deserve."

Nominations for the award are submitted by various state agencies, by members of the news media and by ordinary citizens who feel a fellow citizen deserves special recognition.

There is no quota on the number of awards which can be given out. No one is in competition with any one else for this award. As Governor Gilligan said, "It is simply a way for the people of Ohio to say 'thanks' to a fellow citizen who has contributed to the common good."

Dr. Frazier received a personal letter from the Governor prepared on parchment and bearing the Great Seal of the State of Ohio. The letter cited his particular contribution.

The Governor's Award for Community Action is meant to recognize a broad range of contributors—people who are working to clean up the environment, working with kids who are on drugs, helping the sick or the handicapped, or helping the poor.

graded the examinations, but he said he never looked at the questions.

The panel has heard testimony from commission officials, state commerce department employees and representatives of the real estate industry since hearings began in June.

USS Chemicals Men Trained At Wittenberg

Two employees of U.S.S. Chemicals, Circleville, have completed the Unit I course Friday in Wittenberg University's Management Development Program.

They are Harold Downing, receiving foreman, and Glen Free, assistant chief inspector.

Downing and Free are the first employees of U.S.S. Chemicals to participate in Wittenberg's unique program.

The week-long programs concentrate in four areas — behavioral studies and motivation, communications and leadership, management functions and methods, and economics and personnel relations.

Developed 21 years ago, the Wittenberg Management Development Program is especially designed for supervisory responsibilities. The program attempts to develop the managerial insights and competency of the participants to the level of their technical skills.

The courses consist of small group discussions under the guidance of faculty people from four different subject areas. The instructor confronts the supervisors with management problems that might be faced by each of the participants.

The program has developed because the men who are management to a majority of the hourly employees were given little opportunity for improving their managerial skills.

As the program has developed, it has attracted more than 13,000 men and women in first line management from 43 states, 2 Canadian provinces and South America. More than 700 companies have sent representatives to participate in the program.

HAVE YOU WRITTEN A BOOK?

The field editor of a well-known New York subsidy publishing firm will be in Chillicothe in September. He will be interviewing local authors in a quest for finished manuscripts suitable for book publication. All subjects will be considered, including fiction and non-fiction, poetry, juveniles, religious books, etc.

If you have completed a book-length manuscript (or nearly so) on any subject, and would like a professional appraisal (without cost or obligation) please write immediately describing your work and stating which part of the day (a.m. or p.m.) you would prefer for an appointment. Please mention your phone number. You will promptly receive a confirmation for a definite time and place.

Authors with completed manuscripts unable to appear may send them directly to us for a free reading and evaluation. We will also be glad to hear from those whose literary works are still in progress. Please address:

OHIO WEATHER SUMMARY

A high pressure area along the Atlantic Coast is still dominating Ohio weather, with little change seen in the immediate future. Skies will be mostly sunny today and the mercury will climb into the 80s again Tuesday afternoon.

An area of lower pressure over the northern plains is still creeping eastward and is expected to reach the upper Mississippi Valley by Wednesday morning. The threat of showers will increase in Ohio as the low pressure and its related cold front approach the Great Lakes, with showers most likely by Wednesday night or Thursday.

There were a few clouds over Ohio Monday night and an isolated shower developed over Mansfield but most sections reported clear skies. It was hazy across the state and local areas of fog developed mainly along the Ohio River. Early morning temperatures were in the 60s, ranging from 58 at Toledo to 70 at Akron-Canton.

Julius Caesar commanded the Roman army that invaded Britain in 55 B.C.

Piranhas Capture Swim Meet

The Circleville Piranha swim team ended its Mt. Pleasant swim season with a convincing win in the annual League Championship Meet at the Chillicothe Country Club.

The Piranhas compiled 458 points to capture the event. Lancaster was second with 326 points. Chillicothe Country Club had 266, Lancaster Municipal 215, Groveport 203, Golumbus Hilltop 161, Newark 144 and Millersport had 10.

"Defeating Lancaster by 132 points in the Championship Meet is like winning a battle but losing the war," Circleville Coach Jim Shea stated. "We trounced them Sunday but lost the League championship to them by 10 points a week ago in a dual meet," Shea commented.

"Your N.A.P.A. Jobber is a good man to know"

Colts NFL Question Mark

BALTIMORE (AP) — The Baltimore Colts, two years removed from a Super Bowl championship, are clearly the question mark team of the upcoming National Football League season.

Many observers feel that the bold moves by Joe Thomas during his 13 months as general manager will pay off much sooner than if he had approached the rebuilding problems piecemeal.

Since an aging squad posted a 5-9 record last year, Baltimore's first losing season since 1956, Thomas has made 17 trades. Twelve veterans, including such household names as Johnny Unitas, Tom Matte and Bubba Smith, have been dealt off and another retired.

With the opening day 40-man roster likely to include about a dozen rookies and 10 second-year players, inexperience and transition difficulties stand out.

But Howard Schnellenberger, in his rookie season as head coach after seven years as an assistant to the 1973 Super Bowl adversaries—Don Shula and George Allen—is not easily deterred.

"Whether it's realistic or not," Schnellenberger said, "our objective is to somehow, someday, scratch to win enough games to qualify for the playoffs."

He concedes, however, that cohesion may be lacking in the two departments which need it most—the offensive line and the defensive secondary—and that more experience is needed on the defensive line.

Conversely, he is more than satisfied with quarterbacks Marty Domres and rookie Bert Jones, tight end Ray Chester, running backs Don McCauley, Lydell Mitchell and Don Nottingham, and the linebacking crew of Mike Curtis, Ray May and Ted Hendricks.

Domres, who replaced the legendary Unitas after the fifth game of 1972, will be Schnellenberger's quarterback starter "until he shows me he can't win."

Schnellenberger describes McCauley, Mitchell and Nottingham—who have just 500 lifetime carries among them—as outstanding running backs.

Paul Brown said Monday he was disappointed in the play of his Cincinnati Bengals Saturday night against the World Champion Miami Dolphins.

"I was concerned about the lack of discipline in some phases of defense and pass coverage responsibility, and the defensive line charge overall was poor," he said.

Brown also said his team's offensive performance worried him.

"A major disappointment was our failure to score when we were close up," he said. "There was no real general breakdown, but things like just one man missing a block."

"Our quarterbacks really both need to work, to stand in there and play. Their lack of game experience showed."

Brown backed up his decision to play practically everyone in the game, but said that cuts could be expected soon.

"We can't cut people without getting a look," he said. "We had to let people know all along we wanted to give everyone a chance."

Participants in the Punt, Pass & Kick program compete only against others their own age. Any youngster eight through 13 years of age, accompanied by a parent or guardian, may register to compete in PP&K at any participating Ford Dealer. There is no entrance fee and no body contact during competition. No special equipment is needed and participation does not impair a youngster's amateur standing.

Scoring is based on accuracy and range with one point added for every foot of punting, passing and kicking distance, and a point subtracted for every foot off a center line.

Twelve national finalists will compete for the National championships in their age group during the halftime of the Super Bowl Game in Houston, Texas, January 13, 1974. Winners will have their names permanently enshrined in the Pro Football Hall of Fame in Canton, Ohio. Their trophies will be presented by Football Commissioner Pete Rozelle.

Hohl Still Leads Field In Horseshoe Tourney

EUREKA, Calif. (AP) — Defending champion Elmer Hohl, Wellesley, Ont., continued to lead the field Monday in the World Horseshoe Championships here despite his first defeat in 30 games.

Hohl, 29-1, was upset by Paul Focht, 62, Dayton, Ohio, 52-42.

Holding onto second place was Mark Siebold, Huntington, Ind., with a 27-3 record.

Bob West, Scappoose, Ore., was in third place with a record of 25-5, followed by fourth place Roger Vogel, Denver, Colo., at 23-7.

Finals began today.

Seibold and West both have a chance to dethrone Hohl.

playoffs.

Conversely, he is more than satisfied with quarterbacks Marty Domres and rookie Bert Jones, tight end Ray Chester, running backs Don McCauley, Lydell Mitchell and Don Nottingham, and the linebacking crew of Mike Curtis, Ray May and Ted Hendricks.

Domres, who replaced the legendary Unitas after the fifth game of 1972, will be Schnellenberger's quarterback starter "until he shows me he can't win."

S

Tigers Top Yanks In 10; Win 5-4

By ALEX SACHARE
Associated Press Sports Writer

After eight innings Monday night, the New York Yankees looked like a first-place team.

Unfortunately, the Yankees' game against the Detroit Tigers lasted 10 innings—and by the time it was over, the Yankees were fourth in the wild American League East, and Detroit was on top of the heap.

First a two-run pinch-homer by husky Frank Howard with two out in the bottom of the ninth capped a three-run rally that erased New York's 4-1 lead and sent the game into extra innings.

Then Aurelio Rodriguez scored all the way from first with the winning run in the 10th inning—thanks to a pair of Yankee throwing errors and a missed play at the plate.

Meanwhile, the Baltimore Orioles, who had been first in the AL East before Monday's play, lost a 5-3 decision to the Boston Red Sox. That dropped Baltimore to second place, one-half game back of Detroit. Boston and New York are each one game out, although the Red Sox are one percentage point ahead of the Yankees.

The Orioles were knocked out of first place by unbeaten, 23-year-old lefthander Roger Moret, who posted his fifth victory of the season with relief help from Bob Bolin.

The Cleveland Indians beat the Chicago White Sox 7-3 in the only other American League game.

In National League action, the New York Mets beat the St. Louis Cardinals 10-3, the Houston Astros edged the Cincinnati Reds 5-4, the Montreal Expos topped the Chicago Cubs 7-3 and the Los Angeles Dodgers defeated the San Diego Padres 2-0.

Indians 7, White Sox 3
Chris Chambliss' two-run double capped a five-run second-inning outburst that lifted the Indians to a 7-3 decision over the White Sox.

Gaylord Perry, 11-15, went all the way for the victory, giving up five hits.

Mets 10, Cards 3
Harry Parker pitched three scoreless innings of relief, working out of trouble twice, and picked up the win when the Mets rallied for three runs in the seventh and five in the eighth to beat the Cardinals 10-3.

"We played like we were in a daze," said Lou Brock after the Cardinals, the National League's East Division

Jack Nicklaus Season Mildly Disappointing

CLEVELAND (AP) — It's been a disappointing season—but only mildly so—for Jack Nicklaus. And it could all change this weekend.

"I'll let you know Sunday what kind of year it's been," the Golden Bear said before a practice round for the PGA National Championship that begins a 72-hole run Thursday over the Canterbury Country Club course.

It's the last of the season of the Big Four championships—the PGA, the Masters and the U.S. and British Opens. Though a challenger in all of them, Nicklaus hasn't won one of those titles this season. He was third in the Masters, fourth in the Opens.

"It's been disappointing only so far as the major championships are concerned," said Nicklaus, who has accumulated a record-tying 13 major titles in his fantastic career.

"Actually, I've played pretty well this season," he added.

The figures bear him out.

Although many consider Nicklaus to be in a slump, he's won four times, a title accumulation that is exceeded only by Tom Weiskopf's five. In 15 starts, he's failed to finish in the top 10 only two times. He's third on the season's moneywinning list with more than \$200,000 and is closing in on his second million dollars in career earnings.

Still, the man generally conceded to be the finest player in the world finds himself in an unusual position going into this major event. He's something other than the overwhelming favorite.

That role goes to the incredible Weiskopf who suddenly has come of age and is challenging Nicklaus' position as the premiere performer in the game.

In his last nine starts, Weiskopf has won five times, hasn't finished lower than fifth and has won more than \$200,000.

leaders, committed three errors and misplayed a number of other chances.

Astros 5, Reds 4
Jimmy Wynn, who just got over an 0-for-32 skien, rapped out two singles, scored three runs, stole two bases and drove home the tie-breaking run in Houston's 5-4 triumph over the Reds.

Expos 7, Cubs 3
Balor Moore pitched six innings of no-hit ball in Montreal's 7-3 triumph, but Mike Marshall had to come on in the eighth and picked up his 22nd save of the year.

Ken Singleton, Bob Bailey and Jim Lyttle homered for Montreal.

Dodgers 2, Padres 0
Al Downing, 9-6, scattered five singles, struck out six and walked just one as the Dodgers stopped the Padres 2-0 and raised their lead in the National League's West Division to four games over second-place Cincinnati.

Top Field Set At SD Thursday

The 11,050 Scarlet and Gray Cup Series three-year-old trot attracted eight outstanding entries at Scioto Downs Thursday night, including four of the sport's top-ranked Hambletonian eligibles.

The Gene Riegler stable entry of Arnie Almahurst and Dark Secret rate the pre-race favorite tag.

Howard Beissinger who has won two of the last four Hambletonian's has a solid two-horse stable entry in A.C.'s Thor and MacArthur.

Bruce Nickells has a powerful contender in Lucky Hill, winner of the Grandview Futurity last week over Northfield Park's half mile oval in 2:05 2-5.

Dick Buxton's Speedy Coaltown, Charlie Jordan's Corsage Almahurst, and Vince Aquino's Red Whiz complete the select field.

Arnie Almahurst, the 1972 Ohio Two-Year-Old Trotter of The Year, was picked as the leading colt eligible for the 1973 Hambletonian after he had racked up 12 wins, 3 seconds and a mark of 2:01 2-5. He won the 73 Challenge Stakes at Scioto in 2:02 2-5, then began a series of mis-adventures in stake races around the country. But Riegler hopes he has his charge straightened out after a brilliant work-out mile last Saturday morning, and has started a campaign that will end in the winner's circle at Du Quoin, Illinois on the afternoon of August 29th.

Howard Beissinger won the 1969 Hambletonian with the un-heralded Lindy's Pride, then repeated in the 1971 Hambletonian with the unknown Speedy Crown.

In the latest rating list by the United States Trotting Association, neither A.C.'s Thor or MacArthur are even listed in the top ten, and that is the way Beissinger wants to keep it.

A.C.'s Thor lightly raced at two with only five wins in fourteen starts, shows two wins, two seconds, and a third in eight 1973 starts, and the son of A.C.'s Viking has lowered his race record to 2:03.

MacArthur, owned by Joe Mendelson of Palos Verdes, California, has to be considered a factor after whipping to a new lifetime mark of 2:03 2-5 just last Friday night at Scioto.

Dick Buxton has another son of B. F. Coaltown, Speedy Coaltown with a mark of 2:04 2-5.

Archery Tournament Gets Under Way

OXFORD, Ohio (AP) — Top archers from across the United States were scheduled to compete in today's opening of individual competition in the 89th Annual Target Archery Tournament here at Miami University.

The field includes 1972 Olympic team members John Williams, 19, of Cranesville, Pa., and two-time national champion Doreen Wilber, 43, of Jefferson, Iowa.

Sixty Sails Winner Of River Downs Race

CINCINNATI, Ohio (AP) — Sixty Sails took command to win Monday's \$2,600 featured eighth race at River Downs by five lengths.

He ran the six furlongs in 1:10 4-5, returning \$7.40, \$4.80 and \$3.40.

Sixty Sails was ridden by Vernon Saylor, who won his third race of the day and took top jockey honors.

Astros Squeak Past Reds

CINCINNATI, Ohio (AP) — Jerry Reuss had made up his mind. Danny Driessen was not about to get a

fastball. "He had been hitting my fastball all night," said Reuss, who went all the way to pitch the Houston Astros to a 5-4

victory over the Cincinnati Reds Monday night. "I had to come up with something different."

What Reuss came up with was a slow curve and it proved to be the answer for the hothitting rookie, who fled to right ending the game with the tying run on second base.

Reuss, 12-8, took a 5-3 lead into the ninth and fanned the first two batters he faced. Pete Rose then doubled, stretching his hitting streak to nine games then scored on a single by Joe Morgan.

Morgan then stole second, his 43rd heist of the season, tops in the National League.

"I did everything I could to keep him from stealing," the Astro lefty said. "That's just how good he is."

Driessen has hit safely in the last 18 games he has started and owned a .340 batting average as he stepped to the plate in the ninth. Earlier he had Reuss fastballs for a double and single.

But this time Reuss's slow curve got Driessen to fly to right. The victory gave Reuss three wins over the Reds this year.

Fittingly, Astro outfielder Jimmy

Wynn made the final out. He had powered the Houston offense all evening.

Mired in a slump with just two hits in his last 40 at bats entering the game, Wynn hit two singles, walked, stole two bases, scored three runs and drove in one to help Houston to its second victory in the five game series.

"We couldn't leave here with them winning four of the five games," Houston Manager Leo Durocher said. "We've got to keep them close to the Dodgers so there's a race in the Western Division."

The loss, only Cincinnati's tenth in the last 38 games, was charged to Jack Billingham. He went all the way to suffer his eighth loss against 15 wins.

Cincinnati now trails the Dodgers by four games, and five in the loss column. Houston will have a lot to say about which team wins the division title.

"We have nine games left with Los Angeles and we always play well against them," Durocher said.

The slumping Chicago Cubs invade Riverfront Stadium tonight with Rich Reuschel, 12-8, facing Cincinnati's Don Gullett, 12-8.

Wilmington Judge 'No. 1 Grid Nut' For Cincy Bengals

WILMINGTON, Ohio (AP) — When it comes to football, Judge Howard Barns lays down the line.

"I make sure my work gets done early so I never miss a practice," says the balding, 67-year-old Barns, who describes himself as "the No. 1 football nut" in this community of 10,000 site of the Cincinnati Bengals' training camp.

"And my wife is just as big a nut over it as I am," said Barns, who says the game "got in my blood the first time I touched a football. I was 12 years old."

He's a familiar figure at the Wilmington College practice field, where the Bengals have geared for coming gridiron wars since their inception five years ago.

A Wilmington resident since 1917, Barns and his wife, Irene, have been football buffs since the early years of the game.

"I saw Jim Thorpe and his Indians at Canton when I was a kid. He was the greatest," the judge said.

The birth of the Bengals created one problem, but solved another.

"We were Cleveland Brown and Paul Brown fans for years. He used to drive up to their training camp in Hiram and spend a week or two

watching the team. When Coach Brown took over the Bengals we transferred our affections down to Cincinnati," he said.

The Bengals' decision to train in Wilmington virtually brought pro football to Judge Barns' back door.

"That was worth a million dollars of good, clean advertising to this city. Many people had never heard of Wilmington until the Bengals came here," he said.

"There's nothing like football. You get a crowd feeling that no other sport has. Baseball's too slow for me. They just stand around and look at each other," said Barns, a common pleas court judge who has been practicing law since 1931.

"My wife and I saw four football games in one weekend. We love it. Both our sons played," he said.

Barns played football at two small colleges.

"It's funny, though," he said. The only souvenirs I have are a few knots on my head and a couple of broken bones. I stay out of the way now," he laughed.

Barns expects the Bengals, pro football's youngest colt, to soon be Super Bowl contenders.

"This club is just a couple breaks away from the big one. I plan to be around to see it," he said.

Speedway Changes Cost \$300,000

INDIANAPOLIS (AP) — "It's not that simple...it's just not that simple," Clarence Cagle muttered, shaking his head at the massive safety renovations underway at the Indianapolis Motor Speedway.

Cagle, Speedway vice president and maintenance superintendent, says the entire project will cost "something in the neighborhood of \$300,000." Hopefully, he adds, "We'll be ready to go by the first of May."

The Speedway became the subject of much controversy this year following the deaths of drivers Art Pollard and Swede Savage and the death of mechanic Armando Teran in a pit accident.

Cagle accompanied an Associated Press writer and a photographer around the track Monday and pointed out the construction which began about two weeks ago.

The most visible of the changes will be from the north short chute, through the fourth turn and into the pit entrance, the area where Savage crashed.

The old pit entrance, coming off the fourth turn onto the main straightaway, will be blocked off. A 48-foot-wide lane will extend 1,320 feet from the north chute into the present pits.

Drivers will "have to enter here or they're not going to enter," Cagle said, referring to the start of the exit lane.

In past races, drivers have had to veer sharply off the track at high speeds to get into the pits. Now, they will have a longer and, ideally, safer approach.

Penny Knight Wins Feature At Latonia

FLORENCE, Ky. (AP)—Penny Knight came on strong in the stretch to move from fifth place to a two-length victory in the featured ninth race at Latonia Monday night.

The three-year old filly ran the mile in 2:02 3-5.

She paid \$5.00, \$2.80 and \$3.20. Second-place C P Dale returned \$3.40 and \$2.80. Comets Mite paid \$3.20 for third.

A 6-4 daily double combination of Herbert Scotch and Bold Melody returned \$188.60.

Longest course on the PGA tour this year is the 7,219-yard Quail Hollow layout at Charlotte, N.C.

Contracts Offered By LE Board

Contracts were offered Monday night to 14 persons for staff and faculty positions in the Logan Elm School District. Only one vacancy, in the primary EMR unit at Laurelville, remains.

The LE board meeting for the regular August session last night, authorized contracts for seven teachers to replace those who resigned or did not return signed contracts.

Newly employed were: Michael Akers, assigned to grades 6, 7 and 8 at Laurelville; Robert Eaton, high school mathematics; Dawn Morrison, 4th grade at Laurelville; Nancy Beery, rotating sixth grade at Pickaway and Laurelville;

Warren Stoner, mathematics at Laurelville; Marjorie Koch, full time kindergarten at Laurelville; Bill Chandler, high school art instructor.

Certified instructors resigning their jobs with the LE district include Larry Mallot, who quit to take a job as elementary supervisor in Seneca County and Lynn Straley, high school math teacher, who plans to enter private business.

Accepting contracts with other school districts were Dennis Ziegler, David Tener, Carol Ann Burger and Atlanta Budz. Miss Sharon Archer cited plans for marriage as her reason for not accepting her teaching contract.

Joyce Newman, secretary at Laurelville; Peggy Thompson, teacher aide at Saltcreek and Nancy Wright, cook at Pickaway, all submitted resignations to the board.

Hired as replacements were: Beverly Stahr, Laurelville secretary; Marian Grate, study hall monitor at McDowell; Mary Fee, Peggy Congrove and June Poling, cooks at McDowell, Pickaway and Laurelville; Mary Hartley, aide at Saltcreek School and Pearl Stant, custodial aide for the McDowell building.

Farewell Service Scheduled

A farewell service for Winfield Johnson will be held 2 p.m. Sunday at the Pleasant Ridge Church of Christ in Christian Union located four miles east of Laurelville on Thompson Road.

WINFIELD JOHNSON

Johnson has recently been appointed as a missionary to the island of New Guinea.

Leaving in September, Johnson's duties will consist of constructing new churches and homes for the missionaries as well as teaching.

Johnson, a native of the South Bloomingville area, formerly attended the Pleasant Ridge church.

Mrs. Jimmy Hardman, missionary president and the Rev. Dan Stires, pastor of the church, extended an invitation to everyone to attend the meeting.

JVHS Board Employs Clerk-Typist

The Pickaway-Ross Joint Vocational School board Monday employed Mrs. Joyce Newman, Laurelville, as clerk-typist.

Mrs. Newman had previously been employed in Laurelville schools for approximately 10 years.

Richard Ditmar of the architectural firm of Ditmar and Stubbs of Zanesville, reported construction of the joint vocational school is on schedule. He said that approval has been received from the Ohio Environmental Protection Agency for installation of the sewage treatment plant.

A change order concerning installation of a roof scuttle (opening for routine maintenance and inspection of the roof) was approved. The color selection committee met with Ditmar following the regular meeting.

An expenditure of \$1,170 for the purchase of filing cabinets for the district office was approved.

Board members present were: Forrest Brown, Tom Elsea, Nelson Jones, Nelson Stevens, Paul Gerhardt, Mrs. Joan Hess, Dr. George Schaaf, Eldon Shoemaker, Lloyd Trego. Paul Hydel, JVHS executive head, was also present.

In polar waters, an iceberg may last indefinitely, but if it drifts into seas with temperatures above 40 degrees fahrenheit, it melts rapidly.

An advance draw on taxes or authority to borrow \$75,000 was recommended by the board to meet regular monthly payments.

A plan for workbooks and consumable materials, including some art supplies, was drawn up and presented for approval. The plans sets the fee for grades K through 6 at the following rates: kindergarten, \$10; first, \$10; second, \$9.25; third, \$10; fourth, \$7.50;

Outlaw Guerillas Are Weeded Out

BEIRUT, Lebanon (AP) — The established Arab guerrilla groups are quietly searching their ranks for "outlaws" they believe are hurting the Palestinian cause with indiscriminate acts of international terrorism.

Informants close to the leadership of the Palestine Liberation Organization (PLO), the umbrella body for most of the recognized guerrilla groups, said it is investigating three incidents that generated widespread criticism of Palestine freedom fighters and contributed nothing to the battle against Israel.

The latest such incident occurred Sunday when an Egyptian and a Palestinian killed three persons and wounded 55 at the Athens airport. The terrorists surrendered to police and later claimed to be operating on orders from Black September, a militant splinter group outside the PLO that was responsible for the attack on the Israeli Olympic team in Munich,

Germany, last summer.

Wafa, the Palestinian news agency, said the PLO had sent one of its investigators to Athens. And a spokesman for Black September in Beirut said his organization had "nothing to do with the Athens operation."

Israel has announced it will hold guerrilla groups based in Lebanon responsible for terrorist attacks even if they deny involvement. The guerrillas are anxious to avoid retaliatory Israeli raids into Lebanon because their relations with the Lebanese government are badly strained.

The manhunt in guerrilla ranks is a radical departure from the leadership's old policy concerning unsanctioned or unauthorized operations. In the past, the PLO disavowed the terrorist extremes of Black September and other militant splinter groups but condoned the motives.

Pickaway-Ross Vocational Center To Sponsor Bus Driver Training

The Pickaway-Ross Joint Vocational Center will sponsor an 18-hour Basic School Bus Driver Training Course to qualify employed drivers for the 1973-1974 school year.

The class is organized to meet the training needs of school bus drivers from local and city schools of the area that are members of the Pickaway-Ross Joint Vocational School District.

Abandoned, Stolen Autos Recovered

A stolen car and one abandoned vehicle were recovered by the Pickaway County Sheriff's department Saturday and Sunday.

Walter A. Stewart, Columbus, told Columbus police that his car was stolen from W. Star and High streets on the first of the month. Investigating deputies Bob Hoover and John Bost recovered the vehicle at the scene of another stolen auto in the American Legion parking lot.

According to the report of Deputy Sheriff James Deal, he recovered an abandoned auto on the Harrisburg Fairfield Road at 6 a.m. Sunday. The car had been left running on the roadway and a small fire set on the rear seat which eventually burned itself out.

in cooperation with the County school districts from Pickaway and Ross Counties.

Courses will be taught by James Long. The first meeting will be held in Chillicothe High School at 6:30 p.m. on Aug. 13. Three-hour daily classes will continue for two weeks on Monday, Wednesday, and Friday, and conclude on Aug. 24.

This is the first effort on the part of the Joint Vocational School District to conduct a training program for participating schools of the District. It is anticipated that 18 to 20 drivers will enroll in the course.

Employed school bus drivers who have not received an application from the Vocational Center and wish to enroll for the training should call the Vocational Center in Kingston at 642-2550 and ask for an application.

Junior High Holds Registrations

Students, new to the Circleville School District and entering the seventh, eighth or ninth grade, should register at the Circleville Junior High office.

Registration is being conducted from 8:30 a.m. to 11:30 a.m. and 1:30 p.m. to 4 p.m. Monday through Friday.

HOMEMAKERS OF THE YEAR — Mrs. Clyde Cook Jr., 569 Maple View Lane and Mrs. Donald Younkin, 385 Kingston Pike were named co-winners in the Homemaker of the Year award at the Pickaway County Fair. Each received a silver tea serving set.

Bids Opened For Detention Center

Pickaway County Commissioner Dick T. Tootle was present Monday when bids were opened for the South Central Ohio Regional Detention Center in Chillicothe.

Tootle reported the bids were over the architect's estimate. The estimate was \$685,347 and the bids totaled \$774,200.

Grant McDonald, Ross County, executive committee chairman, said a meeting of the county commissioners executive board and the board of trustees will be called to study the bids.

Counties involved in the proposed juvenile detention center are: Pickaway, Ross, Jackson, Pike, Highland, Vinton. Jackson County was not represented at the meeting.

Apparent low bidder of the general contractors was Stewart Construction Co., Marion, with a bid of \$479,400. Other bidders were King Construction, Jackson, \$518,200 and Sargent Construction, Inc., Waverly, \$488,000.

Apparent low bidder for the plumbing, heating and ventilating was Farber Corp., Columbus, with a bid of \$197,800. Other bidders were Mechanical Construction Co., Chillicothe, \$198,000; Waverly Piping Contractors, Waverly, \$209,750; Souer Electric Co., Columbus, \$219,730; L.R. Patrick, Columbus, \$215,400.

Apparent low bidder for electrical work was Evans Electric, Chillicothe, with a bid \$97,000. Other bidders were Burrough's Electric, Chillicothe, \$97,500 and West End Electric, Portsmouth, \$98,000.

Pickaway County Commissioners Tootle, Wayne Hines and Robert Liston approved animal claims to four farmers. They were: C. W. Sykes, Route 5, \$35 plus \$6.90 witness fees; Vernon Bolender, Route 1, Lockbourne, \$160 plus \$6.10 witness

fees; Paul Ewing, Route 2, Williamsport, \$35 plus \$6.25 witness fees; Raymond Reiterman, Route 3, Mt. Sterling, \$1,040 plus \$6.90 witness fees.

Burglars Hit Risch Drugs

Burglars struck Risch Drugs, 1274 N. Court St., Sunday night or early Monday morning and made off with undetermined amounts of cash, drugs and a typewriter.

City police investigation shows that the thieves made their way to the roof of the building. A hole was knocked in the roof at the rear of the building to gain entry.

Police believe one man was lowered into the store and he placed a ladder into the hole in the roof for the others to enter.

The safe was ripped open and the cash removed. The other items were taken from the store before the intruders left by a rear door. Damage to the store was set at \$400.

Two Men Bound To Grand Jury

Two local men were bound to grand jury Monday.

Aurthur Lowery, 156 W. Water St., is charged with two counts of breaking and entering and one count of grand larceny. Lowery was released on a \$1000 bond.

Kenneth Willis Certain, 386 Walnut St., is charged with one count of breaking and entering and one count of grand larceny.

Certain was released on a \$1000 bond.
